[ORS 329.479](#) requires the Oregon Department of Education to publish an Annual Notice of statewide summative assessments that each school district and public charter school must provide to parents/guardians and adult students at the beginning of each school year. The 2023-24 OSAS Annual Notice has been updated with the 2023-24 test windows and is published on the [ODE Test Administration webpage](#) under the Forms menu. The OSAS Annual Notice is published in 14 languages, including Chuukese and Somali. The OSAS 30-Day Notice and Opt-Out forms will be published in Fall 2023.

Please contact the [ODE Assessment Team](#) with any questions.

2023-24 District Test Coordinator and Information Only Designation Contact Form **REPEAT**

ODE requires that districts annually designate a District Test Coordinator (DTC) using the District Test Coordinator Designation Form. This form is used to maintain ODE's internal contact database and email listservs. (Please note that this form does not automatically grant access to the TIDE system.) The [2023-24 District Test Coordinator and Information Only Contact Form](#) has changed and can now be accessed through the link above or on the [ODE website](#) under the 'Forms' section. The DTC and Information Only Designation Form must be completed with attached [district superintendent signed version](#) of the form and submitted by **June 30, 2023** to [Crys Plattner](#).

DTC Webinar, June 14 **REPEAT**

OSAS Webinar: Effectively Using 2022 - 23 Summative Assessment Data to Inform Continuous Improvement **REPEAT**

As the OSAS test window closes on **June 2, 2023**, ODE is hosting two webinars to support district and building leaders in the interpretation of summative assessment data. These data are a vital component of a district's or schools continuous improvement planning, and ODE's goal is to share new and existing resources within the [OSAS Portal](#).

These webinars will explore how the OSAS tests can provide several layers of data that can be monitored over time and across student groups. While students' overall OSAS test scores provide a high-level glimpse at grade-level achievement, participants will deepen their understanding of how OSAS test design and trends in target data can inform the evaluation of systems of teaching and learning.

Additionally, ODE is excited to demonstrate a **NEW** multi-year cross-sectional report within the Reporting System that displays up to a three-year trend of target-level data. This automates the creation of "target trend reports" that ODE has been promoting since 2019.

Attendees will receive an overview of an existing tool – the [Smarter Content Explorer](#) – as well as explore the connections between the OSAS test results, assessment targets, standards, achievement level descriptors, and more.

Please register for only one of the following dates:

- **Tuesday, June 13, 2023** (3:30 - 5:00 PM) [RSVP](#)
- **Friday, June 16, 2023** (9:00 - 10:30 AM) [RSVP](#)

The webinars will be recorded and made available to those who register, along with any supporting materials. Please contact the [ODE Assessment team](#) with any questions or for more information.

QUESTIONS AND ANSWERS

Answers to Common Questions from the Field

QUESTION: When will the student's scores for the Alt ELPA become available to districts, teachers, and guardians?

ANSWER: Test results will be available in late 2023.

QUESTION: A student newly enrolled in our district between 4/7 and 5/2 and was determined to have English learner status. According to the Test Administration Manual table 22, this means their ELPA Summative performance counts for English Language Arts in accountability calculations, but by the time the student enrolled, the ELPA Summative window had already closed. What do we do?

ANSWER: See the note on [page 34 of the TAM](#): “For ELPA Summative, whose statewide test window closes before May 1, districts may use administration code 8 for students who enroll after the close of the statewide test window but who are enrolled on the first school day in May.”

Assessment administration codes are entered in the ARUA (Assessment Record Updating Application)/ Assessment Test Staging/Assessment Transactional System located in the [Central login](#) on the [ODE District Data site](#).
