» Some families need free child care while parents look for stable housing and work. Is there a resource available?

Yes, the first step is to contact 211 to help families find a program that fits their unique needs. Call 211 or 1-866-698-6155 for a live person or text the keyword "children" or "ninos" to 898211. Families can also search themselves at findchildcareoregon.org.

» I just learned that a 2nd grader who is receiving McKinney-Vento resources has a 3-year old and 4 year old sibling. Should I refer the family to early learning programs like Head Start?

Yes, families eligible for McKinney-Vento services are prioritized for most early learning programs. Helping families navigate the early learning system is an important role for liaisons.

» When should families register their five year olds for kindergarten?

Families should register for kindergarten in the spring and no later than mid-May. Early registration ensures that families will be invited to school-based events during the summer. If you are not sure of the family's school, reach out to the liaison.

» What about Resources during the summer?

Many Oregon districts offer transitioning into kindergarten programs during the summer. When you are helping families connect with their school, check to see if the school hosts a summer transition program for incoming kindergartners and their families.

» How do I know if families qualifying for McKinney-Vento will be eligible for Early Learning Programs?

Families qualifying for McKinney-Vento are prioritized in most publicly funded early learning programs.
