SSDI and Employment 2024

Trial Work Period

Extended Period of Eligibility

EPE After 36 Months

TWP

"The make all you can phase"

- 1. I can make all the money I am able and still keep my full cash check
- 2. For 2024, monthly earnings over \$1,110 will be counted as a TWP month
- 3. Once I collect 9 TWP months in a rolling 60 month period, I will move on to the next phase of benefits (EPE)
- 4. SGA is NOT a factor during TWP

What is Substantial Gainful Activity (SGA)?

SGA is fairly complex, but a key measurement is the countable income from employment a beneficiary EARNS in a calendar month. For 2024, a person is considered to be working over SGA when COUNTABLE income is over \$1,550 per month.

Use of work incentives can help reduce countable

Lincome.

EPE Re-Entitlement

"The all or nothing phase"

- Lasts for <u>exactly</u> 36 months after the TWP ends
- 2. If monthly countable earnings are higher than SGA, then my check will be "paused" for that month
- 3. If monthly countable earnings are lower than SGA, then my full cash check continues
- 4. Earnings from work will <u>not</u> terminate my benefits
- 5. Medicare continues for at least 7 years and 9 months after TWP if SSDI check stops due to work
- 6. Some "deductions" may be available to help reduce my countable earnings
 - **\$ Gross Earnings**
 - -\$ Sick/Vacation/Holiday
 - -\$ IRW
 - -\$ Subsidy/Special Condition
 - = Countable Earnings

EPE After 36 Months

"After 36 months Phase"

- 1. My benefits will continue indefinitely if my countable earnings are below SGA and I don't have a medical recovery
- 2. If my countable earnings are above SGA my benefits will terminate
- 3. If my earnings drops back below SGA within 60 months of termination, I can request Expedited Reinstatement (ExR)
- 4. While waiting for an ExR decision, I will be given provisional benefits for up to 6 months
- 5. If approved for ExR, I get a new TWP/
 EPE/ExR and continuation of Medicare

2024 SGA \$1,550 for Non-blind \$2.590 for Blind

SSDI Tracking Chart

Things I should do when receiving SSDI!

- 1. Update SSA if I start working or stop working
- 2. Report wages EARNED on each month that a TRIGGER event happens
- 3. Report earnings to other benefits programs like HUD, SNAP, QMB and LIS
- 4. Contact a benefits counselor if I plan on getting married
- 5. Contact a benefit counselor if I need additional assistance

Trigger Events: Most SSA offices do not want you to report earnings every month for SSDI as they do for SSI benefits. They typically want you to report when a trigger event occurs. Typically, you should report to SSA when you start or stop ajob or if you have a change in earnings that will cause your income to be above orbelow the TWP or SGA level. Check with your local SSA office about reporting requirements. When in doubt...REPORT!
