Subject: Revised PD16 – Highway Mobility

In an effort to improve how we handle changes to agreed upon restrictions, MCTD and PDLT have revised Operational Notice PD-16 and the Project Mobility Considerations Checklist. These revisions are specific to re-engaging the appropriate parties when changes to restrictions are deemed necessary, and can be found as follows:

- PD-16, Page 6: *Project Managers, Consultant Project Managers, Local Agency Liaisons*
- Checklist, Page 3: *Construction/Consultant/LAL Project Managers*

If you have questions, please contact Frank Reading, Matt Malone, or Christy Jordan.
