I-5 Delta Park project ramp and lane closures

Full closures on Columbia Blvd. start Monday night, Aug. 10;

I-5 on- and off-ramp closures at Columbia Blvd. start Friday night, Aug. 14

The contractor working on the Oregon Department of Transportation's Interstate 5 Delta Park project recently completed constructing the I-5 southbound bridge alignment over Columbia Blvd. The contractor is now building the bridge alignment on the I-5 northbound structure crossing over Columbia Blvd. Construction of the Columbia Blvd. ramps to I-5 also continues. Next week this work will require nighttime full closures of Columbia Blvd. and weekend ramp closures at I-5 and Columbia Blvd.

- Starting Monday night, Aug. 10, through Wednesday night, Aug. 12, the contractor will install bridge girders for the new Interstate 5 northbound alignment over Columbia Blvd. This work will require single lane closures on Columbia Blvd. in both directions nightly from 8 p.m. to 10 p.m. **Placement of the bridge girders will require full closures of Columbia Blvd. nightly from 10 p.m. to 5 a.m. the next morning, the nights of Monday, Aug. 10 through Wednesday, Aug. 12.**

Columbia Blvd. Detour: During the full closures of Columbia Boulevard, eastbound auto and bike traffic will be detoured to Argyle St, to Interstate Ave. to Lombard St. to Martin Luther King Jr. Blvd. and back to Columbia Blvd. Westbound auto and bike traffic will follow the opposite detour route. Signs and flaggers will help direct traffic along the detour route. Trucks will be held at the Columbia Boulevard closure until the girder is in position and it is safe to release trucks.
