

## OHP now covers me!

Starting Jan. 1, 2018, the Oregon Health Plan (OHP) is now available to more children and teens younger than 19, regardless of immigration status. This includes youth with Deferred Action for Childhood Arrivals (DACA) status and those previously only eligible for Citizen Alien Waived Emergent Medical (CAWEM or CAWEM Plus). All other OHP eligibility criteria for those under 19, such as household income, remain the same.

### What is OHP?

OHP is free health coverage for Oregonians who meet income and other criteria. It covers many health care services such as check-ups, tooth fillings, glasses and prescriptions. It also covers labs, x-rays and hospital care. It even pays for rides to and from the doctor's office.

### How do I enroll in OHP?

Apply to see if you qualify. Help is free. A trusted and OHP-certified community partner nearby can help you apply. Please use this directory to find a OHP-certified community partner in your area.

## Oregon Health Plan-certified community partners by county

### Community-based organizations

These organizations provide OHP outreach, education and referral services.

View **OHP-certified community partners** by clicking on your preferred county below. Oregon Health Plan is a statewide program. If you do not see your county listed, select the county that is closest to you. Eligible children and teens may access services at *any* OHP partner, regardless of where they reside.
