

Changes to the Oregon Health Authority website

In June 2017, the Oregon Health Authority (OHA) will unveil the new OHA website, redesigned to give visitors the best experience possible.

Here are some of the changes that will make our website easier and faster to use:

- A clutter-free design that adapts to laptops, tablets and smartphones
- A structure based on OHA's most popular topics
- An enhanced search function
- All OHA divisions are now on one site

Tips for navigating the new website

If you frequently use bookmarks, you will need to update them. Any bookmarks that no longer work will take you to the website's home page.

- Please make sure to explore the website and find the new page for the bookmark you need to update.
- You can also refer to the following [crosswalk of the most popular Oregon Health Plan pages](#).

What is not changing

The OHA website changes only affect the Public Health website at <http://public.health.oregon.gov> and websites currently located at www.oregon.gov/OHA.

They do not affect other websites such as:

- The Oregon Marketplace website at OregonHealthCare.gov
- The Oregon Medicaid Provider Web Portal at <https://www.or-medicaid.gov>
- The ONE Applicant Portal at ONE.Oregon.gov
- The DHS/OHA Forms Server at https://aix-xweb1p.state.or.us/es_xweb/FORMS/

OHP members can also still go to OHP.Oregon.gov to find the information they need.

Help us improve

- If you find any broken links or other issues with the new website, please let us know through the feedback form that will be displayed prominently on each page of the website.
- We know that each visit to the OHA website will help us learn how we can make the OHA website even better. We welcome your questions and concerns, and look forward to future improvements.

Crosswalk of popular Oregon Health Plan (OHP) web pages

The following table lists the most popular OHP web pages and their location on the new and improved OHA website.

- All instances of **OHA/healthplan** will change to **OHA/HSD/OHP**.
- Some page names will also change to meet current naming standards.

For example, most pages found at www.oregon.gov/OHA/healthplan/pages/policies.aspx now have the word “Policy” at the beginning of their page name (e.g., **Policy-Pharmacy.aspx**, **Policy-Hospital.aspx**, **Policy-OHP.aspx**).
