### Hospitals Transformation Performance Program – Baseline Year Final Report

This report provides the hospital with its final HTPP Incentive Measure results for Year 1 (“baseline year”) covering October 2013 through September 2014. The report includes:

- Numerators, denominators, and final baseline results for all measures.
- Indicator showing whether the hospital qualified for a payment on each individual measure (to qualify for payment, the hospital had to submit data adhering to the measure specifications and aligning with baseline submission guidance here: <http://www.oregon.gov/oha/analytics/Pages/Hospital-Baseline-Data.aspx>).
- Benchmark for Year Two of the program (if established). **Hospitals are not required to meet benchmarks for the baseline year; the benchmarks only apply in Year Two.**
- A payment summary including the total amount each measure is worth (across all hospitals), and the amount earned by your hospital for each individual measure.
- Total amount earned by hospital (floor payment plus payment for successfully submitting data for individual measures).

All exceptions and validation activity through March 2015 have been incorporated into these final results.

Final baseline performance is also reported in the Hospital Transformation Performance Program Baseline Year Report, available online later this month at: <http://www.oregon.gov/oha/metrics/Pages/index.aspx>.
