Dear [FIRST]:

Welcome to Open Enrollment 2022! Enrollment is **REQUIRED** and will begin August 15.

Even if you want to keep your same plans, you must log in and enroll in those medical, dental, and vision plans for the 2022-23 plan year. You do not need to re-enroll in optional plans like life and disability or long-term care insurance. All optional plan enrollments will remain as they are unless you change them.

Remember, **Open Enrollment is the one time each year you can make changes** to your benefit elections without experiencing a major life event (known as a QSC or Qualified Status Change). Please take a moment to review your options. We want you to have the best coverage available for your needs.
