

DRAFT

## Credentialing Organization Survey

The Oregon Health Authority (OHA) is in the process of implementing the Oregon Common Credentialing Program (OCCP), which will be a mandatory, fee-based, centralized repository of verified practitioner credentialing information. Credentialing organizations (health plans, health systems, hospitals, dental care organizations, coordinated care organizations, ambulatory surgery centers, and independent physician associations) will be required to participate. Your input as representatives from credentialing organizations is critical for the development of a fee structure and to finalize other programmatic details. Please take a few moments to answer the following questions. Survey responses are due June 17, 2016.

More information about the OCCP can be found at <http://www.oregon.gov/oha/OHPR/occp>.

Thank you!

**1. Please provide your name**

**2. Please identify your organization type**

Health Plan

Health System

Hospital

Coordinated Care Organization

Dental Care Organization

Ambulatory Surgical Center

Independent Physician Organization

Other

**3. Please provide your organization's name**

**4. Please provide your department's name**

**5. Please provide your email address**

**DRAFT**

**5. How many Oregon practitioners does your organization currently have on its provider panel?**

*Please answer numerically.*

**a) Number of Oregon practitioners directly credentialed, meaning your organization directly gathered credentialing information and made the credentialing decision?**

**b) Number of Oregon practitioners delegated, meaning another entity provided credentialing information and your organization made the credentialing decision?**

**c) Number of Oregon practitioners fully delegated, meaning another entity directly gathered credentialing information and they made the credentialing decision?**

**d) Number of other Oregon practitioners on your provider panel not included in a, b, or c? Please describe.**

**6. What types of practitioners does your organization commonly credential? *Check all that apply.***

Acupuncturists

Audiologists
