

March 29, 2023

To all OSH staff,

This Superintendent Directive modifies and adds to Oregon State Hospital policy number 8.001, "Video Surveillance."

To allow staff to adequately respond to reportable incident investigations, is my directive that:

- In addition to video review reasons already allowed for in policy 8.001, "Video Surveillance," video reviews may also be requested as related to reportable incident investigations. Reportable incidents are as defined in OSH policy 1.003, "Incident Reporting."
- OSH critical incident investigators are now referred to as the Incident Reporting Systems Investigation (IRSI) department.
- All other provisions of policy 8.001 apply, including, but not limited to, all approval processes and stated process exemptions.

"Staff" includes employees, volunteers, trainees, interns, contractors, vendors, and other state employees assigned to work at Oregon State Hospital.

This directive will remain in effect until OSH policies, procedures, and protocols are updated or the directive is otherwise rescinded.

Sincerely,

Dolores Matteucci

Dolly Matteucci (she, her, hers)
