#### **AGENDA**

#### PUBLIC HEALTH ADVISORY BOARD

March 14, 2024, 3:00-5:30 pm

Join ZoomGov Meeting

https://www.zoomgov.com/j/1603086166?pwd=aGgvUIFENXdadzZvLzZZZStWKz R6OT09

Meeting ID: 160 308 6166

Passcode: 955876 One tap mobile

+16692545252,,1603086166#

#### Meeting objectives:

Approve February meeting minutes.

- Hear from OHA Director, Dr. Sejal Hathi, about her vision for public health in Oregon.
- Hear about CCO incentive metrics program and discuss opportunities for metrics alignment.
- Provide input for OHA Public Health Division Director recruitment
- Discuss PHAB Chair position
- Hear about CBO public health modernization grants

## 3:00-3:10 Welcome, board updates, shared pm agreements, agenda review

- Welcome, board member introductions and icebreaker: What's something PHAB has done in the past year that you are proud of?
- Share group agreements and the Health Equity Policy and Procedure
- OHA staff updates
- ACTION: Approve February meeting minutes

Veronica Irvin, PHAB Chair

| 3:10-3:40<br>pm | <ul> <li>Meet OHA Director, Dr. Sejal Hathi</li> <li>Hear about Dr. Hathi's vision for public health in Oregon and her goals for OHA.</li> <li>What do members want Dr. Hathi to know about PHAB's priorities and work?</li> </ul> | Veronica Irvin   |

| 4:30-4:35       | <ul> <li>PHAB Chair Position</li> <li>Discuss whether to elect a new Chair in April or extend the current Chair position until 2025.</li> <li>ACTION: Vote on timing of electing a new Chair.</li> </ul>                           | Kirsten Aird,<br>OHA   |
| 4:35-4:50<br>pm | <ul> <li>OHA Public Health Director recruitment</li> <li>Provide input on Public Health Director recruitment</li> <li>What are PHAB members' expectations of the Public Health Director role?</li> </ul>                           | Kirsten Aird   |
| 4:50-5:10<br>pm | <ul> <li>CBO public health modernization grants</li> <li>Hear update on allocation of new funding to CBOs and use of PHAB's recommendations for decision-making</li> </ul>   | Dolly England,<br>OHA  |

## 5:10-5:20 Public comment pm

Veronica Irvin, PHAB Chair

#### 5:20 pm Next meeting agenda items and adjourn

- OHPB 2024 priorities
- PHAB subcommittee and workgroup updates
- Public health modernization implementation
- PHAB's public health modernization priorities for 2023-25
- Member-led topics: What topics would members like to bring to the Board?

Veronica Irvin, PHAB Chair

Everyone has a right to know about and use Oregon Health Authority (OHA) programs and services. OHA provides free help. Some examples of the free help OHA can provide are:

- Sign language and spoken language interpreters.
- Written materials in other languages.
- Braille.
- Large print.
- Audio and other formats.

If you need help or have questions, please contact Sara Beaudrault: at 971-645-5766, 711 TTY, or <a href="mailto:publichealth.policy@odhsoha.oregon.gov">publichealth.policy@odhsoha.oregon.gov</a> at least 48 hours before the meeting.

# PHAB Public Health Modernization Funding Workgroup Group agreements

- Learn from previous experiences and focus on moving forward
- Slow down to support full participation by all group members
- Stay engaged
- Speak your truth and hear the truth of others
- Expect and accept non-closure
- Experience discomfort
- Name and account for power dynamics
- Move up, move back
- Confidentiality
- Acknowledge intent but center impact: ouch / oops
- Hold grace around the challenges of working in a virtual space
- Remember our interdependence and interconnectedness
- Share responsibility for the success of our work together

Public Health Advisory Board meeting minutes Feb 8th, 2024, 3:00-5:30 pm

#### Attendance

**Board members present**: Mike Baker, Marie Boman-Davis, Bob Dannenhoffer, Jackie Leung, Kelle Little, Meghan Chancey, Sarah Present, Veronica Irvin, Jawad Khan, Nic Powers, Jenny Withycombe, Kelly Gonzales, Ana Luse Gonzalez, Heather Kaisner, Mary Engrav, Dianna Hansen, Cara Biddlecom

**Board members excused**: Ryan Petteway, Tameka Brazile Miles

OHA Staff for PHAB: Kirsten Aird, Sara Beaudrault, Tamby Moore

#### Welcome and shared agreements

• PHAB members, subcommittee and workgroup members and staff introduced themselves.

#### Board updates and agenda review

Presented by Kirsten Aird

• There were many new members attending this meeting. New members introduced themselves.

- Quorum was established at the beginning of the meeting. There were 15 out of 18 voting members present.
- Board members were reminded to complete their required Workday trainings.
- Members were updated on the announcement of CBO public health modernization grant. It was projected that in March, members would get additional information about the CBO grant program.

#### **December Meeting Minutes Vote**

- There was a motion to approve the December meeting minutes by Kelle Little; Seconded by Sarah Present.
- Vote approved by members.

#### **Breakout Rooms**

- PHAB members were instructed to join breakout rooms during this time.
   These breakout rooms were created to acquaint members to each other and to hold small discussions.
- The breakout rooms were names Health Equity Policy and Procedure and Health Equity Framework, Accountability Metrics, Public Health Workforce, and Public Health Modernization Funding.
- Members were in breakout rooms for about 30 minutes, rotating every ten or so minutes between rooms.
- Once the breakout room session was over, members were asked for feedback on the session.

- The breakout room style was appreciated by the members for facilitating discussions.
- A suggestion was made to have a few discussion questions for future meetings to provide direction.

#### **PHAB 2024 Workplan updates**

Presented by Kirsten Aird, Sara Beaudrault

- Updates to the PHAB 2024 Workplan were presented by Kirsten Aird and Sara Beaudrault.
- These updates were highlighted in pages 17 20 of the meeting packets.
   These pages outline the priorities and work plan for 2024 and include details about each PHAB subcommittee.
- Members were encouraged to join one of the three subcommittees
   (Accountability Metrics, Incentive Planning, and Strategic Data Plan) or two
   work groups (Public Health Equity Framework and Public Health Systems
   Workforce). Current members shared their experiences and encouraged
   others to join, emphasizing that these groups are actively seeking new
   members.
- Heather Kaisner highlighted the CCO metrics program, noting the potential
  for alignment between the health system and public health. Heather
  suggested that understanding how to better align these efforts, especially
  with a focus on social determinants of health, could be beneficial.

- Kelle Little commented that there should be some accountability in the work related to CCOs especially if there is an emphasis on social determinants of health.
- Kelly Gonzales expressed interest in how the group's work is considering colonization and its lasting impacts. They suggested that expanding the scope to name colonization as a determinant of health could provide a deeper understanding of how colonization impacts everyone, not just native people.

#### **Legislative Short Session Updates**

Presented by Charina Walker, Emily Droge

- Charina Walker and Emily Droge gave updates on the legislative short sessions and the related bills.
- Bills discussed:
  - House Bill 4081: This bill is about EMS modernization. It aims to develop a coordinated and comprehensive approach to EMS regulation, including regionalization of care and EMS data systems.
  - House Bill 1503: Introduced with the Task Force on Gun Violence and Suicide Prevention, this bill requires the Department of Justice to work with the Oregon Health Authority and federally recognized tribes in Oregon to study issues related to public health best practices for reducing deaths from community safety threats and suicide prevention.

- House Bill 4070: Related to school-based health centers, this bill adjusts for inflation and provides the Oregon Health Authority with grant funds to mental health services.
- Senate Bill 1561: This bill establishes the Environmental Restoration Council and directs that council to distribute funds from the Monsanto settlement.
- House Bill 4139: This bill is related to Certificate of Need and excludes new nursing homes and new hospitals providing inpatient psychiatric services, inpatient rehabilitation services, or inpatient and outpatient substance use, and new long term care facilities from the requirement to obtain a certificate of need from the Oregon Health Authority.
- House Bill 2002, House Bill 4036, Senate Bill 1555: These bills are related to drug use and criminalization.
- Bob Dannenhoffer mentioned that the language in Senate Bill 1561 does not include distributing funds to local public health authorities. He also followed up about the status of the \$500,000 request for continuation of the vaccine access program.
- Heather Kaisner clarified that the bills related to Measure 110 (House Bill 2002, House Bill 4036, Senate Bill 1555) does not include language about primary prevention.

### Oregon Public Health Modernization 2023-2025 Evaluation Presentation Presented by Kusuma Madamala.

• Kusuma Madamala shared a presentation on the Oregon Public Health Modernization 2023-2025 Evaluation.

- This presentation was highlighted in pages 22-28 of the meeting packets.
- The evaluation framework is the same framework used for the 2021-2023 evaluation and highlights three key domain areas:
  - Implementation of public health accountability metrics.
  - System-wide organizational structures.
  - Contributions of the modernized funded workforce
- A working group and a technical panel have been established to help with the development of the evaluation domains or questions.
- The timeline for the evaluation was discussed, with data collection or secondary review planned for spring and results expected in late fall 2024.
- Questions were raised about the definition of "health equity" and the effort to capture the decolonization of public health or capacitating the workforce to do decolonizing work.

#### **Public Comment**

No public comment

Meeting adjourned at 5:00PM

# CCO Quality Incentive Program Overview

14 March 2024

Jorge Ramirez Garcia, PhD, Metrics & Scoring Committee Chair Manu Chaudhry, DDS, Metrics & Scoring Committee Vice-chair Sara Kleinschmit, MSc, OHA (committee staff)

# Agenda

- Quality Incentive Program overview (Manu)
- Changes to program from SB 966 (Jorge)
- Current work (Sara)
- Discussion (All!)

# Overview

# CCOs earn bonus money by providing highquality care and demonstrating meaningful improvement

## Health care quality measures

- Diabetes
- Immunizations for kids
- Dental prevention for kids and adults
- Postpartum/post-pregnancy care
- Meaningful language access

And more...

## **Incentive Program Payment**

- CCOs earn Quality Incentive Program funds based on how well they perform on the measures selected by Metrics & Scoring Committee.
- Regardless of overall CCO performance, the entirety of the incentive program funds are paid out each year.
- CCOs do not have to achieve all measures to earn full payment.
  - CCOs must meet 75% of measures for full payment; payment reduced thereafter (depends on number of measures in quality pool).

### How does a CCO "meet" a measure?

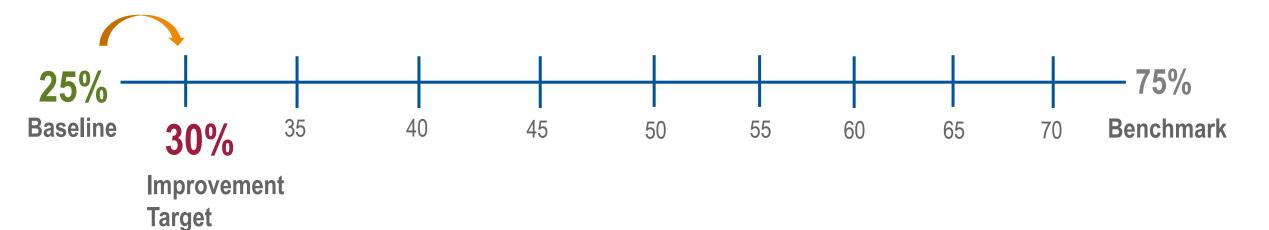

- To achieve a measure, CCOs must meet **either** the benchmark or improvement target for each metric.
- Benchmarks have historically been very aspirational, generally in the 75<sup>th</sup> or 90<sup>th</sup> percentiles of national performance.
- Improvement targets are relative CCOs are looking to improve against themselves.
  - ✓ Unlike the benchmark, CCO improvement targets are specific to each CCO; individual CCOs will not have the same improvement target for a given measure.
  - ✓ Improvement targets are reset each year

# Improvement target and benchmark example

• Baseline: 25%

• Benchmark: 75%

• **Improvement target:** 30% (e.g., CCO does not need reach 75% to meet the metric)

The math: (75% - 25%)/10 = 5%

# Changes to program from SB 966

# **Equity Impact Assessment: key findings**

Populations most impacted by measures should have a say in what is incentivized and how measures are operationalized.

Meaningful access to health care with appropriate language services remains a key area to be addressed.

Ensure quality improvement activities are **implemented** using equity principles.

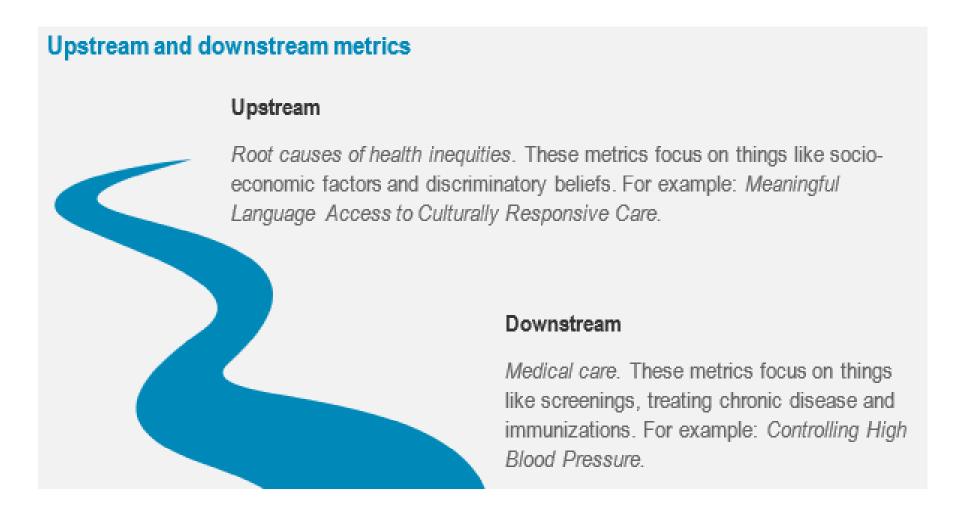

Due to **data limitations**, some inequities can't be reduced by incentivizing measures—in fact, incentivizing **may cause harm**.

Monitoring incentive measures by REALD categories is needed to ensure inequities for priority populations are not masked.

**Equity Impact Assessment** 

# Incentive program structural changes

# CCO Quality Incentive Program: Downstream measures

- Downstream measures must be chosen from CMS Medicaid Core Measure Sets
  - 2023/24 Adult Core Set (CMS updates annually)
  - 2023/24 Child Core Set (CMS updates annually)
- Directs OHA to automatically update Health Plan Quality Metrics Committee measures menu with changes to CMS Core Sets
- Using the CMS Core Sets promotes measure alignment

# CCO Quality Incentive Program: Upstream measures

- Directs Metrics & Scoring Committee to include at least four upstream measures in the program.
- Directs Metrics & Scoring Committee to prioritize the following upstream measures for the duration of the current Medicaid Waiver
  - Health assessments for children in ODHS custody
  - Kindergarten readiness: CCO system-level socialemotional health
  - Meaningful language access to culturally responsive health care services
  - Social determinants of health: Social needs screening & referral

# Study CCO Quality Incentive Program to eliminate health inequities

Bill directs OHA to study program to ensure it focuses on addressing health inequities. OHA must work with:

- ✓ Oregon Health Plan (OHP) members and community members whose health is affected by OHP
- ✓ Metrics experts, health care providers, and CCOs.

Report with recommendations for structural and programmatic changes due to Legislature in Sept. 2024.

# **Current work**

# 2024 incentive measures by SB 966 definitions

### **Upstream**

- Assessments for children in ODHS custody
- System-level social emotional health\*
- Meaningful language access
- SDOH screening and referral

#### Not defined

- Preventive dental or oral health services (ages 1-5\* and 6-14)
- Oral evaluation of adults with diabetes
- Cigarette smoking prevalence
- Screening, brief intervention and referral to treatment (SBIRT)

### **Downstream**

- Postpartum care
- Depression screening and follow-up
- HbA1c poor control
- Initiation and engagement with substance use disorder treatment
- Childhood immunization (Combo 3)
- Immunization for adolescents (Combo 2)
- Child and adolescent well-care visits (ages 3-6)\*

\*Kindergarten readiness measure

# **Undefined measures – 2025 implications**

#### Not defined

- Preventive dental or oral health services (ages 1-5\* and 6-14)
  - OHA recommends incentivizing child oral health by replacing with one or more child oral health measures in CMS core set (1. Oral evaluation, dental services; 2. Topical fluoride for children; 3. Sealants on permanent first molars)
- Oral evaluation of adults with diabetes
  - OHA recommends continuing to incentivize adult oral health. As no adult oral health measures added to CMS core sets, recommend continuing this measure into 2025.
- Cigarette smoking prevalence
  - OHA recommends defining as upstream and continue in 2025 as wait for national measure to be developed (earliest 2026)
- Screening, brief intervention and referral to treatment (SBIRT)
  - No analogous measures on CMS core set

# **Centering health equity**

2024 workplan theme on building equity foundation

- Shared space to build equity foundation for the program. Includes reviewing webinars and papers from equity measurement experts and discussing learnings and program implications at each meeting.
- Begin exploring how benchmarks used by the program might be leveraged to advance health equity. This includes reviewing current data feasibility and limitations in April and reviewing efforts in other states (also in April).
- Using learnings from this year to reflect on findings and implement changes from SB 966 study

### **PHAB Chair position**

Two options for consideration:

- Elect a Chair next month. This option aligns with PHAB's bylaws.
- 2. Postpone Chair election until first quarter of 2025. This option aligns with current cycle of Chair elections.

**ACTION:** Vote to select which option PHAB will use.

## **Public Health Equity Grant Update**

Public Health Advisory Board Meeting
March 14<sup>th</sup>, 2024

COMMUNITY ENGAGEMENT TEAM
Public Health Division

# **Agenda**

Cohort 2 updates

### Cohort 2

- 44 CBOs were selected for award out of 141 total applications
- All applicants received a letter regarding application outcome on 02/28-03/01
- Considerations for award included: scores, priority populations, and funding gaps

### **Cohort 2- Awardees**

| CBO's   | Counties Staffed  |
|---|-------------------|
|   | Crook, Deschutes, |
| Abilitree                                     | Jefferson         |
| Access Care Anywhere                          | Clackamas         |
|   | Multnomah         |
| African Refugee Immigrant Organization (ARIO) |                   |

Cohort 1 Modernization CBOs per Region based on legal address

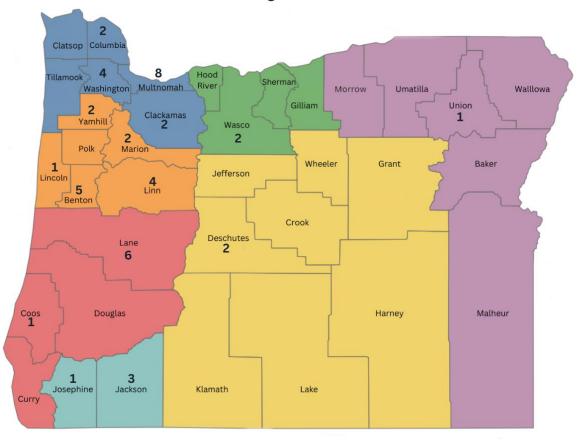

Cohort 1 Modernization CBOs Representation in Counties based on legal address

44 Newly funded CBO per Region based on legal address

Cohort 2 CBO Representation in Counties based on legal address

## PHAB recommendations implemented

- Use LPHA public health modernization funding formula as a guide to inform equitable distribution of CBO regional and county funding.
- Suggest a minimum biennial base funding level for CBOs so that CBOs can build staffing and infrastructure. Also establish a cap on CBO award amounts.
- Expand the list of underserved priority counties for the 2023 CBO RFGA, considering both number of CBOs operating in the county and per capita investments. Ensure CBOs are funded to provide services in every county, excluding statewide CBOs.
- Begin with prioritizing CBOs that are serving locally for selection, based on the definition of local included in the RFGA.
- Letters of support & Collaboration with LPHAs

## PHAB recommendations implemented and challenges

- Each CBO grant application will be reviewed by two LPHAs:
  - One from a similar sized LPHA not located in the region.
  - One from the LPHA in which the CBO is proposing to work.
    - If a LPHA cannot contribute a reviewer, then OHA will request a neighboring county, or a county also listed in the applicant's service area participate in the review.
- We didn't have enough LPHA reviewers to implement the above goal fully
- We didn't have a way to sort applications for reviewers that would more closely align with "regions"
- We had too many applications for some parts of the state, so it made it challenging to
  equitably distribute applications in other parts.

## **Next steps**

- Workplan and budget updates for Cohort 2 awardees
- Kick-Off Event April 16<sup>th</sup> & 18<sup>th</sup>
- RFGA reflection huddle w/Programs late April
- Start RFGA 2025
- Collaboration with LPHAs in jurisdictions that are under-funded

# Public Health Advisory Board **2024 Workplan Priorities and Calendar**

This document provides a framework for PHAB priorities and meeting agendas in 2024.

#### **2024 PHAB Priorities**

#### Oregon's public health system demonstrates and acts on its commitment to health equity

- Public health system improvements and funding
- Statewide population health priorities
- OHPB and health system alignment
- PHAB structure, business and member support

Go to the last page of the work plan for a list of topics related to each priority.

#### **Meeting calendar**

| Meeting date | Agenda items  | Priority | Action  |
|--------------|---|----------|---------|
| January 11   | Cancelled   |          |         |
|              | New member orientation and member connections                         | •        | Discuss |
| Fabruary 0   | Legislative update  |          | Discuss |
| February 8   | Evaluation of public health modernization investments for 2023-25     |          | Inform  |
|              | 2024 work plan and subcommittee/workgroup assignments                 | •        | Discuss |
|              | Discussion with OHA Director, Dr. Sejal Hathi                         |          | Discuss |
|              | Public health modernization funding for community-based organizations |          | Discuss |
| March 14     | CCO incentive metrics   |          | Discuss |
|              | Public Health Director recruitment                                    |          | Inform  |
