

A photograph of an elderly woman with short, curly grey hair, wearing a dark brown pinstriped suit jacket over a white turtleneck. She is standing outdoors in a garden or patio area with various plants and a wooden building in the background. The text is overlaid on the right side of the image.

**I got screened.**

**Now,  
I'm talking  
about it.**

Screening can prevent colorectal cancer or catch the #2 cancer killer early when it's highly treatable.

Most people get screened because they're encouraged by someone they know and trust.

**So if you've been screened,  
please talk about your experience.  
And encourage others to get screened too.**

**COLORECTAL CANCER**  
The cancer *you* can prevent.
