TOTAL	4,835	7,615	18,985

* A grow site that is expected to use CTS is one that either has more than 12 plants or has no patients growing for themselves. For a given site, these criteria can fluctuate as registrations are renewed, expire, etc., and so the numbers provided are a "snapshot" in time, as of February 14, 2018. This table will be updated approximately every two weeks.
