- Do not staple or tape your check or money order to your paperwork.

- The OMMP will conduct a criminal history check on every grower. ORS 475B.420(3)
- A grow site must be located in Oregon and must not be located at a medical or retail marijuana dispensary.
- Proof of zoning is required if the grow site address is located within city limits. Ask the county or city you live in for documentation of zoning.
- All growers will receive a letter regarding online grow site registration fee payment and reporting requirements.
- If you designate a grower other than yourself (not growing at your residence), your grow site has more than 12 mature plants, OR the grower will be transferring medical marijuana to a dispensary or processing site, then the grower may be required to pay additional grow site registration fee(s) and report. If you are growing for yourself at your residence and your grow site has 12 or fewer plants **AND** you are not transferring medical marijuana, you do not need to pay the additional grow site registration fees or report.
- Grower cards will be mailed directly to the grower after grow site registration fee is received. If the grower does not pay this fee by the specified date, the grower and grow site will be removed and the patient will need to submit a change form and replacement card fee to designate a new grower.

### Plant limits:

A grow site is allowed six mature medical marijuana plants per patient with a mature plant maximum of:

- 12 mature plants and 24 immature plants for grow sites if ANY patient at that grow site has designated either themselves or their caregivers as their growers AND the grow site is the patient's residence. **This plant maximum applies regardless of zoning or grandfathered status.
