# Moving from Programs to Integrated, Multi-Sector Systems

## Linkages to other service/systems

- How do we connect our families to other services and systems
- How do we engage other services/systems to better support our families

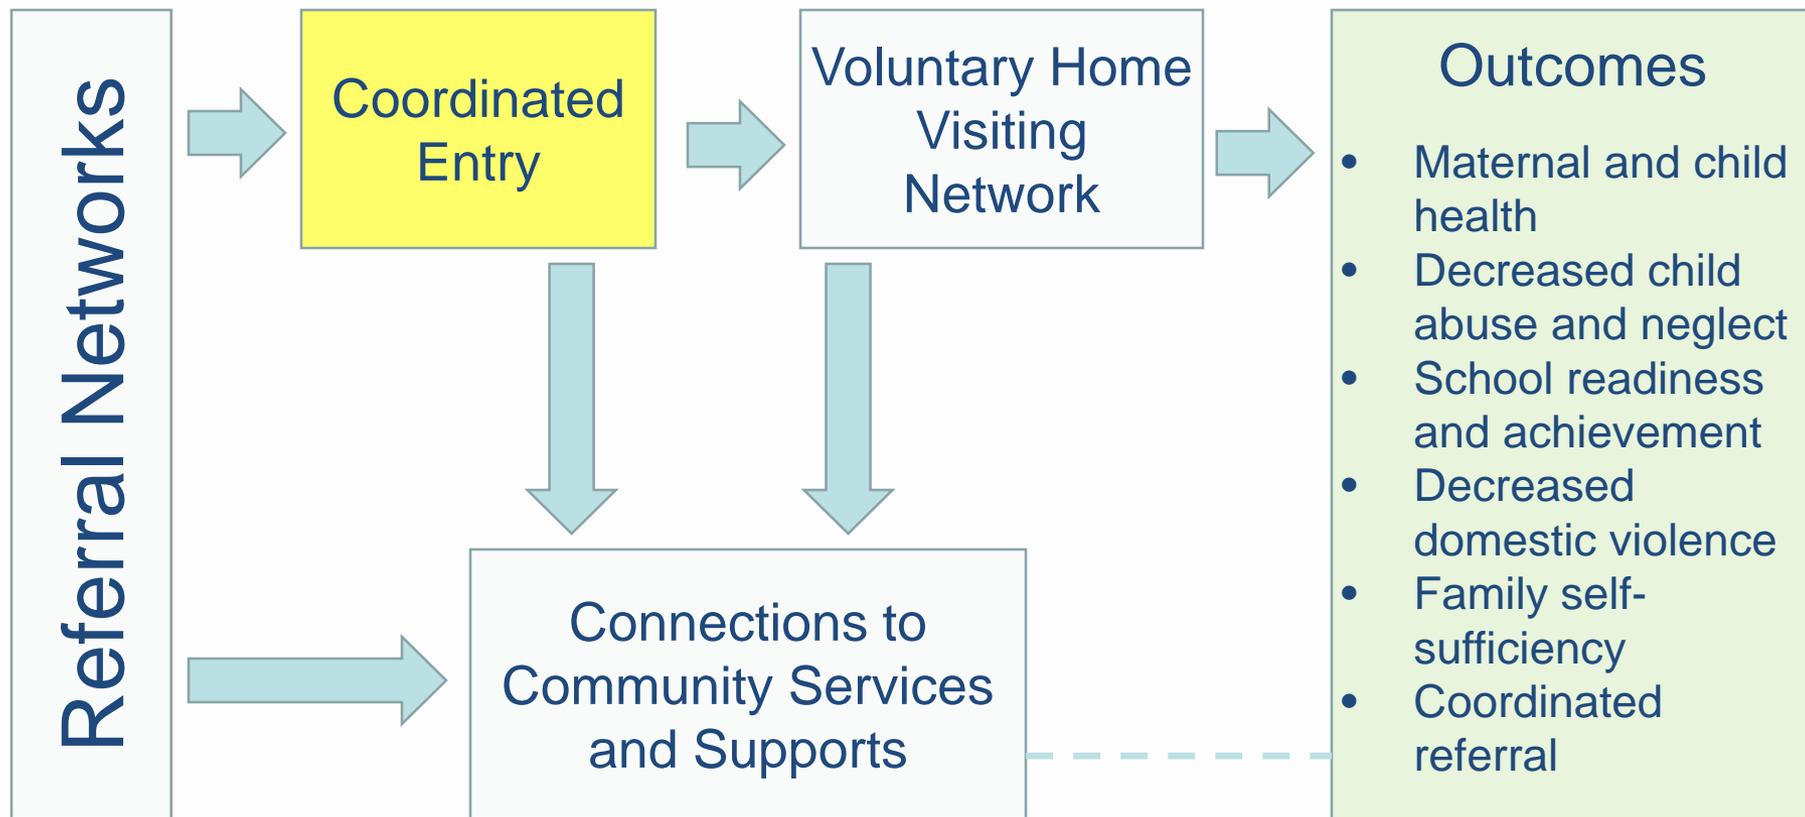

## HV System

- How do we improve results across the population
- How do we identify families in need
- How do we link families to assure the best match and results at the individual and population level

## Individual Home Visiting Programs

- How do I get my program up and running
- How do I build my caseload
- How do I maintain quality and achieve benchmarks

# OREGON'S HOME VISITING SYSTEM

# Home Visiting Workforce Vision

*Oregon's Home Visiting workforce, serving families prenatally through age five, will be prepared to promote and support optimal development of infants, young children and their families. Oregon families will receive culturally and linguistically responsive and relationship-focused home visiting services, provided by a workforce that demonstrates a common set of core competencies.*

# Workforce Development

## Regional Training
