## **SAMPLE Emergency Protocol Letter**

Emergency protocol letters may be helpful in the event your child needs to be seen in the Emergency Room. The letter should be current, personalized to the specific patient, and signed by the physician/specialist who is most familiar with your child's exceptional medical needs.

## Suggestions for information to include in the letter:

- An introduction to the child's medical history or specific medical condition
- A description of the pathophysiology involved
- Presentation of symptoms in the patient
- Assessments needed for correct diagnosis
- Detailed therapeutic strategies and potential side effects
- A description of the patient in recovery
