Screening, Brief Intervention and Referral to Treatment (SBIRT) Session

Session Objectives

Participants will increase their knowledge and understanding of:

- 1) Screening, Brief Intervention and Referral to Treatment (SBIRT) basic processes and tools
- 2) Current CCO processes and challenges related to SBIRT
- 3) Optional processes and resources that could support SBIRT implementation among CCOs.

1. **Brief introduction to SBIRT** (Christine Seals, MD) (5 minutes)
2. **Round table discussion of SBIRT** (Ron Stock, MD and CCO Medical Directors) (20 minutes)

Medical Directors will be asked to answer the following:

1. What's happening in your CCO on SBIRT? What's working?
2. What challenges are you experiencing in supporting providers?
3. What resources do you need?

3. **Presentation and Q&A session** (30 minutes)

Implementing SBIRT: Process options and lessons learned (Peter Grover, PhD)

Dr. Grover is a clinical psychologist and is the Behavioral Science Faculty for the Providence Milwaukie Family Medicine Program. He has been the site coordinator at Providence Family Medicine Residency for the SAMHSA sponsored SBIRT Primary Care Residency Curriculum Project through OHSU Family Medicine. Prior to his teaching role, Dr. Grover was the Clinical Supervisor for the Adult Inpatient Psychiatric Units at Providence Portland and St. Vincent's hospitals.

4. **Next steps** (Ron Stock, MD and Emilee Coulter-Thompson, MSW) (5 minutes)
