

Oregon Council of Clinical Innovators

Oregon Health Authority Transformation Center

Program Overview

The Oregon Council of Clinical Innovators is a year-long learning experience for a select group of multidisciplinary Clinical Innovation Fellows. The program is focused on **leadership, quality improvement and methods for spreading innovation expertise** across the health care delivery system.

The Clinical Innovation Fellows program aims to:

- build the capacity of health care transformation leadership within Oregon;
- support the success of coordinated care organizations; and
- spread the coordinated care model.

Funding

The Clinical Innovation Fellows program is currently supported by the Oregon Health Authority Transformation Center through the State Innovation Model (SIM) grant. The program is seeking funding to sustain the fellowship in future years.

The project described was supported by Funding Opportunity Number CMS-1G1-12-001 from the U.S Department of Health and Human Services, Centers for Medicare & Medicaid Services and the content provided is solely the responsibility of the authors and do not necessarily represent the official views of HHS or any of its agencies.
