

## Child and Family Well-Being Measures Workgroup

Meeting Summary

Thursday, July 9, 2015

Members present: Helen Bellanca (Co-Chair), Cade Burnett, Janet Carlson, Donalda Dodson, R.J. Gillespie, Martha Lyon\*, David Mandel, Allison Martin, Katherine Pears\*, T.J. Sheehy, Bill Stewart,

Members absent: Andrew Grover, Matthew Hough, Carla McKelvey, Teri Thalhofer

Staff and consultants: Michael Bailit\*, Sarah Bartelmann, Charles Gallia, Dana Hargunani, Jenn Uhlman, Rita Moore, Michael Joseph\*.

\**present by phone*

The workgroup will revisit the June meeting minutes for approval at the next meeting.

### Results of Feasibility Assessment

3 measures are not currently feasible for immediate implementation

- Emergency Department Visits Coded for Intimate Partner Violence – data collected, but not currently reported; would require further development.
- Incarcerated Parents – Based on staff research, it appears that this measure is not available for immediate implementation. Workgroup members expressed great interest in having this measure. Staff continues to explore options.
- Kindergarten Readiness Bundle – This bundle would rely on a data collection system that is yet to be developed.

### Recommendations Regarding Measure Use

- Multiple recommended CFWB measure sets:
  - CFWB monitoring measures
  - Hub accountability measures
  - CCO accountability measures
  - Joint/Collective Impact accountability measures
  - CFWB Dashboard to be used for statewide monitoring
- Considerations in measure use recommendations:
  - Use of Measure
  - Unit of Measure (state, county)
  - Frequency of reporting
  - If accountability – that entity has information and significant influence over the behavior being measured
  - Feasibility
    - Ready for immediate operationalization
    - Not currently ready, needs development to be operationalizable
- Designation of measure use in the CFWB Library (monitoring vs. accountability) is intended to indicate appropriate usage of the measure and does not necessarily constitute a recommendation for usage.

## Measures by Proposed Use

	Number of Measures	Percent of Measures
<b>CCO Accountability</b>	<b>11</b>	<b>17%</b>
<b>HUB Accountability</b>	<b>4</b>	<b>6%</b>
<b>Collective/Shared Impact</b>	<b>10</b>	<b>15%</b>
<b>Monitoring</b>	<b>50</b>	<b>77%</b>

\* Note the totals do not add to 100% because some measures are potentially being proposed as CCO accountability measures and as collective/shared impact measures

## Proposed Measure Use by Domain

Domain	CCO Accountability	HUB Accountability	Monitoring	Collective/ Shared Impact Accountability
1. Positive Relationships	0	0	12	0
2. Economic Stability	0	0	9	0
3. Community	0	0	6	0
4. Comprehensive Person-Centered Health Care	10	2	12	5
5. Early Childhood Care and Education	0	2	8	3
6. Person-Centered System Integration	1	0	3	2
<b>Total</b>	<b>11</b>	<b>4</b>	<b>50</b>	<b>10</b>

\* Note the totals do not add to 100% because some measures are potentially being proposed as CCO accountability measures and as collective/shared impact measures

## CFWB Dashboard Recommendations

### Purpose of Dashboard

1. Represent “leading indicators” pertaining to the six domains of child and family well-being identified by the CFWB Measures Workgroup.

2. Be used as a “collective impact” monitoring tool at the state level, with the potential opportunity to drill down to Early Learning Hub, CCO and county levels where data allow.
3. Include no more than 12 measures.

Inclusion Criteria

1. The dashboard should include at least one measure from each of the six Child and Family Well-being domains and collectively represent the well-being of young children and their families.
2. Measures should address factors that significantly and broadly influence the well-being of young children and their families
3. Data should be available at least annually

Workgroup members engaged in a “dot exercise” to indicate priority measures for the dashboard. Results of the exercise will be reported at the August meeting.

**Public Testimony**

There was none.

**Next Meeting:** August 13, 2015 10am-1pm  
Wilsonville Training Center  
29353 SW Town Center Loop E, Room 211  
Wilsonville, OR 97070
