Adults have more OHP dental services starting July 1, 2016

Dear Oregon Health Plan (OHP) member,

On July 1, 2016, OHP will add these dental services for adults age 21 and older:

- Stainless steel crowns for molars (back teeth);
- Full dentures every 10 years and partial dentures every 5 years, no matter how long ago your teeth were removed, and even if you were denied dentures in the past;
- Routine care for gum disease (periodontitis) every 6 months; and
- Deep cleaning for gum disease every 2 years.

What does this mean for me?

Adults already have basic dental care that includes exams, cleanings, fluoride, fillings and removing teeth. Starting on July 1, 2016, OHP also will pay for the services listed above if your dentist thinks you need them.

Questions?

If you have any questions about this letter or dental care, please call your dentist or OHP Client Services at 1-800-273-0557, TTY 711.

Need a dentist?

If you need help finding a dentist, please call OHP Client Services at 1-800-273-0557.

We hope you will get the dental care that you need!

You can get this letter in another language, large print, or another way that is best for you. Call 1-800-699-9075 (TTY 711).
