410-120-1140 Verification of Eligibility

(1) The client's Medical Care Identification is confirmation of eligibility for medical services, subject to the limitations contained in these General Rules and the appropriate individual provider guides.

(2) It is the responsibility of the provider to verify that the individual receiving medical services is, in fact, an eligible individual on the date of service for the service provided and whether a managed care plan or OMAP is responsible for reimbursement. The provider assumes full financial risk in serving a person not identified as eligible or not confirmed by the Medical Assistance Program as eligible for the service provided on the date(s) of service.

(3) A Medical Care Identification (Form OMAP 1417) or Temporary Medical Care Identification (Form OMAP 1086) is issued to the head of an eligible household or eligible individual. Both Medical Care Identifications include:

(a) The name(s) of the eligible individual(s), Social Security number, and the eligible person(s) Recipient Identification Number;

(b) The client identification (ID) number;

(c) Dates of coverage, including fee-for-service and managed care enrollment dates;

(d) The benefit package for which the client is eligible;

(e) Optional program messages (for example, third party resource (TPR) information);

(f) The dates of medical eligibility for the eligible person or persons;

(g) The name of the responsible branch, the worker's identification code and the phone number of the branch;

(h) The name and phone number of the managed care provider, if applicable;

(i) Medical Management restrictions, if applicable.

(4) The Medical Care Identification or Temporary Medical Care Identification is not transferrable, and is valid only for the individual(s) listed on the card.

(5) Eligibility is verified either:

(a) From the Medical Care Identification or Temporary Medical Care Identification which shows the dates on which the client is eligible and indicates the client's benefit package; or

(b) If a patient identifies him/herself as eligible, but does not have a valid Medical Care Identification or Temporary Medical Care Identification, the provider may either:

(A) Contact the OMAP Automated Information System (AIS) which operates 24 hours a day, to confirm eligibility. Providers who have contracted with an Electronic Eligibility Verification Service vendor can access client eligibility data 24 hours a day, 7 days a week; or

(B) Contact the local AFS or SDSO (DSO or AAA), or State Office of Services to Children and Families (SCF) (formerly known as CSD), branch office during regular working hours to confirm eligibility if the information is not available through AIS.

410-120-1230 Client Copayment

(1) Medical Assistance clients shall be responsible for paying a copayment for outpatient/ambulatory services. This copayment shall be paid directly to the provider. This copayment applies to all benefit packages except the Standard Benefit Package. Clients on the Standard Benefit Package have a separate copayment (See OAR 410-120-1235 for details).

(2) The following services are exempt from copayment:

(a) Emergency services, as defined in OAR 410-120-0000;

(b) Family planning services and supplies;

(c) Prescription drugs ordered through Office of Medical Assistance Program's (OMAP) Mail Order Pharmacy program;

(d) Any service not listed in (8) below.

(3) The following clients are exempt from copayments:

(a) Services provided to pregnant women;

(b) Children under age 19;

(5) Services to a client cannot be denied solely because of an inability to pay an applicable copayment. This does not relieve the client of the responsibility to pay, nor does it prevent the provider from attempting to collect any applicable copayments from the client; the amount is a legal debt, and is due and payable to the provider of service.

(6) A client must pay the copayment at the time service is provided unless exempted (see (2), (3) and (4) above).

(7) The provider should not deduct the copayment amount from the usual and customary fee. The Department of Human Services (DHS) will deduct the amount of the copayment from the amount paid to the provider (whether or not provider collects the copayment from the client), unless the client or services are exempt according to exclusions listed in (2) and (3) above. If the OMAP paid amount is less than the required copayment, the copayment amount will be equal to what OMAP would have paid.

(8) Services which require copayment are listed in Table 120-1230-1. There is one copayment assessed per provider/per visit /per day unless otherwise specified. Copayment applies regardless of location, i.e. provider's office or client's residence. Table 120-1230-1, Outpatient/Ambulatory Client Copayment (OPAC) Chart

410-120-1260 Provider Enrollment

(1) This rule applies only to providers seeking reimbursement from OMAP, except as otherwise provided in OAR 410-120-1295.

(2) Signing the provider application constitutes agreement by performing and billing providers to comply with all applicable rules of the Medical Assistance Program and federal and state laws and regulations.

(3) A performing provider is the provider of a service or item. A billing provider is a person or business entity who/which submits claims on behalf of a performing provider. All references to "provider" in this and other rules of the Medical Assistance Program include both performing and billing providers.

(4) An individual or organization must meet applicable licensing and/or regulatory requirements set forth by Federal and State statutes, regulations, and rules to be enrolled and to bill as a provider. In addition, all providers of services within the State of Oregon must have a valid Oregon business license if such a license is a requirement of the state, federal, county or city government to operate a business or to provide services.

(5) An individual or organization who is currently subject to sanction(s) by the Medical Assistance Program or Federal government is not eligible for enrollment (see Provider Sanctions).

(6) A performing provider number will be issued to an individual or organization providing covered health care services or items upon:

(a) Completion of the application and submission of the required documents;

(b) The signing of the provider application by the provider or a person authorized by the provider to bind the organization or individual to compliance with these rules;

(c) Verification of licensing or certification. Loss of the appropriate licensure or certification will result in immediate disenrollment of the provider and recovery of payments made subsequent to the loss of licensure or certification;

(d) Approval of the application by OMAP or the Division responsible for enrolling the provider.

(7) Performing providers may be enrolled retroactive to the date services were provided to a Medical Assistance client if:

(a) The provider was appropriately licensed, certified and/or otherwise met all Medical Assistance Program requirements for providers at the time services were provided; and

(b) Services were provided less than 12 months prior to the date of application for Medical Assistance provider status.

(8) Issuance of a provider number establishes enrollment of an individual or organization as a provider for limited category(ies) of services for the Medical Assistance Program.

(9) If a provider changes address, business affiliation, licensure, ownership or certification, or Federal Tax Identification Number (TIN), the Office of Medical Assistance Programs must be notified in writing within 30 days of the change. Failure to notify OMAP of a change of Federal Tax Identification Number may result in the imposing of a \$50 fine. Changes in business affiliation, ownership, and Federal Tax Identification Number may require the submission of a new application. Payments made to providers who have not furnished such notification may be recovered.

(10) Providers of services outside the state of Oregon will be enrolled under the following conditions:

(a) The provider is appropriately licensed and/or certified and meets standards established within the provider's state for participation in the state's Medicaid program. Disenrollment from the other state's

Medicaid program is a basis for disenrollment in the Oregon Medical Assistance Program;

(b) The provider bills only for services provided within the provider's scope of licensure or certification;

(c) For noncontiguous out-of-state providers, the services provided must be for a specific Oregon Medicaid client who is temporarily outside Oregon or the contiguous area of Oregon, or for foster care or subsidized adoption children placed out of state, or the provider is seeking Medicare deductible or coinsurance coverage for QMB clients;

(d) The services for which the provider bills are covered services under the Oregon Medical Assistance Program;

(e) Facilities, including but not restricted to hospitals, rehabilitative facilities, institutions for care of individuals with mental retardation, psychiatric hospitals, and residential care facilities, will be enrolled as providers only if the facility is enrolled as a Medicaid provider in the state in which the facility is located or is licensed as a facility provider of services by the State of Oregon;

(f) Out-of-state providers may provide contracted services per OAR 410-120-1880.

(11) Enrollment of Billing Providers:

(a) A person or business entity who/which submits claims to the Medical Assistance Program and/or receives payments from the Medical Assistance Program on the behalf of a professional provider (e.g., physician, physical therapist, speech therapist). The person/business entity must be enrolled with OMAP and meet all applicable federal regulations;

(b) A billing provider number will be issued only to billing providers billing on behalf of providers who have signed the provider enrollment form, who have met the licensure or other standards for enrollment as

a provider and who have been authorized by the provider to bill on behalf of the provider of service;

(c) A billing provider must maintain, and make available to the Medical Assistance Program, upon request, records indicating the billing provider's relationship with the provider of service;

(d) The Billing Provider must obtain signed confirmation from the performing provider that the Billing Provider has been authorized by the Performing Provider to submit claims. This authorization must be maintained in the Billing Provider's files for at least five years, following the submission of claims to OMAP.

(12) Enrollment of Locum Tenens:

(a) For purposes of this rule, a locum tenens means a substitute physician retained to take over another physician's professional practice while he/she is absent for reasons such as illness, vacation, continuing medical education, pregnancy, etc.

(b) Locum tenens are not required to enroll with OMAP. The absentee physician must bill with their individual Medicaid provider number and receive payment for covered services provided by the locum tenens physician. Services provided by the locum tenens must be billed with a modifier Q6.

(13) A provider's enrollment may be terminated if no claims have been submitted in an 18-month period. The provider must reapply for enrollment.

(14) The provision of health care services or items to clients of the Medical Assistance Program is a voluntary action on the part of the provider. Providers are not required to accept all Medical Assistance clients seeking service.

(15) When one or more of the requirements governing a provider's participation in the Medical Assistance program are no longer met, the provider's Medical Assistance Program provider number may be immediately suspended. The provider is entitled to a contested case

hearing as outlined in 410-120-1600 through 410-120-1840 to determine whether the provider's Medical Assistance Program number will be revoked.

(16) In the event of bankruptcy proceedings, the provider must immediately notify the Director of OMAP in writing.

410-120-1280 Billing

(1) Medicaid Covered Services:

(a) A provider enrolled with the Office of Medical Assistance Programs or a Managed Care Plan under the Oregon Health Plan must not seek payment from a client eligible for Medical Assistance benefit, or from a financially responsible relative or representative of that individual, for any services covered by Medicaid fee-for-service or through contracted managed care plans, including any coinsurance, co-pays, and deductibles, except under the circumstances described below:

(A) The client did not inform the provider of Medical Assistance Program eligibility, of OHP managed health plan enrollment, or of other third party insurance coverage, either at the time the service was provided or subsequent to the provision of the service or item, and as a result the provider could not bill the Medical Assistance Program, the managed health care plan, or third party payer for any reason, including timeliness of claims, lack of prior authorization, etc. The provider must document attempts to obtain information on eligibility or enrollment;

(B) The client became eligible for Medical Assistance benefits retroactively but did not meet other established criteria described in these General Rules and the appropriate Provider Guides (i.e., retroactive authorization);

(C) A third party resource made payments directly to the client for services provided;

(D) The client did not have full Medical Assistance benefits. Clients receiving limited Medicaid coverage through the Medically Needy Program (for example, when payment is the financial responsibility of the client due to spend-down) or the Citizen Alien Waived Emergency Medical Program may be billed for services that are not benefits of those programs. The provider must document that the client was informed that the service or item would not be paid for by the medical assistance program;

(E) The client has requested continuation of benefits during the Administrative Hearing process and final decision was not in favor of the client. The client will be responsible for any charges since the effective date of the initial notice of denial;

(F) A client cannot be billed for services/treatment that has been denied due to provider error (i.e. required documentation not submitted, prior authorization not obtained, etc.);

(G) The charge is for a copayment when a client is required to make a copayment as outlined in OMAP General Rules (410-120-ohpe) and individual provider guides;

(H) In exceptional circumstances, a client may request to be able to receive a covered service while asserting the right to privately pay for that service. Under this exceptional circumstance, a client can be billed for a covered service if the client is informed in advance of receiving the specific service of all of the following:

(i) That the requested service is a covered service and that the provider would be paid in full for the covered service if the claim is submitted to OMAP or the client's managed care plan, if the client is a member of a managed care plan;

(ii) The estimated cost of the covered service, including all related charges, the amount that OMAP or the client's managed care plan would pay for the service, and that the client cannot be billed for an amount greater than the maximum OMAP reimbursable rate or managed care plan rate, if the client is a member of a managed care plan;

(iii) That the provider cannot require the client to enter into a voluntary payment agreement for any amount for the covered service;

(iv) And that, if the client knowingly and voluntarily agrees to pay for the covered service, the provider will not be able to submit a claim for payment to OMAP or the client's managed care plan.

(1) Provider must be able to document in writing, signed by the client or the client's representative, that the client was provided the information described above; that the client was provided an opportunity to ask questions, obtain additional information and consult with the client's caseworker or client representative; and the client agreed to be responsible for payment by signing an agreement incorporating all of the information described above. The client shall be given a copy of the signed agreement. A provider may not submit a claim for payment for covered services to OMAP or to the client's managed care plan that are subject to such agreement.

(2) Non-Covered Medicaid Services:

(a) A client may be billed for services that are not covered by the Medical Assistance Program or Managed Care Plan. However, the client must be informed in advance of receiving the specific service that it is not covered, the estimated cost of the service, and that the client or client's representative is financially responsible for payment for the specific service. Providers must be able to document in writing signed by the client or client's representative, that the client was provided this information and the client knowingly and voluntarily agreed to be responsible for payment;

(b) Services which are considered non-covered are (in rule precedence order):

(A) OAR 410-141-0480, Benefit Package of Covered Services; and

(B) OAR 410-141-0520, Prioritized List of Health Services, and

(C) OAR 410-120-1200, Medical Assistance Benefits: Excluded services and limitations.

(3) All claims must be billed on the appropriate form as described in the individual provider guide.

(4) Upon submission of a claim to OMAP for payment, the provider agrees that it has complied with all rules of the Medical Assistance

Program. Submission of a claim, however, does not relieve the provider from the requirement of a signed provider agreement.

(5) All billings must be for services provided within the provider's licensure or certification.

(6) It is the responsibility of the provider to submit true and accurate information when billing the Medical Assistance Program. Use of a billing provider does not abrogate the performing provider's responsibility for the truth and accuracy of submitted information.

(7) A claim may not be submitted prior to delivery of service. A claim may not be submitted prior to dispensing, shipment or mailing of the item unless specified otherwise in OMAP's individual provider guide.

(8) A claim is considered a "valid claim" only if all required data is entered on or attached to the claim form. See the appropriate provider guide for specific instructions and requirements. Also, see "Valid Claim" in the Definitions section of these rules.

(9) For claims requiring a procedure code the provider must bill as instructed in the appropriate Medical Assistance provider guide and must use the appropriate CPT, HCPCS, ICD-9-CM, ADA CDT, NDC, or OMAP unique code which best describes the specific service or item provided. For claims which require the listing of a diagnosis and/or procedure code as a condition of payment, the code listed on the claim form must be the code which most accurately describes the client's condition and the service(s) provided. Providers must use the ICD-9-CM diagnosis coding system when a diagnosis is required unless otherwise specified in the appropriate individual provider guide. Hospitals must follow national coding guidelines:

(a) Where there is no appropriate descriptive procedure code to bill the Medical Assistance Program the provider must use the code for "Unlisted Services". Instructions on the specific use of "unlisted services" are contained in the individual provider guide. A complete and accurate description of the specific care, item, or service must be documented on the claim;

(b) Where there is one CPT, CDT or HCPCS code that according to CPT, CDT and HCPCS coding guidelines or standards, describes an array of services the provider must bill the Medical Assistance Program using that code rather than itemizing the services under multiple codes. Providers must not "unbundle" services in order to increase payment by the Medical Assistance Program.

(10) No person shall submit or cause to be submitted to the Medical Assistance Program:

(a) Any false claim for payment;

(b) Any claim altered in such a way as to result in a payment for a service which has already been paid;

(c) Any claim upon which payment has been made or is expected to be made by another source unless the amount paid or to be paid by the other party is clearly entered on the claim form;

(d) Any claim for furnishing specific care, item(s), or service(s) which have not been provided.

(11) The provider is required to submit an Individual Adjustment Request on any claim where the provider identifies an overpayment made by the Medical Assistance Program or to refund the amount of the overpayment.

(12) A provider who, after having been previously warned in writing by the Medical Assistance Program or the Department of Justice about improper billing practices, is found to have continued such improper billing practices and has had an opportunity for a contested case hearing, shall be liable to the Medical Assistance Program for up to triple the amount of the Medical Assistance Program established overpayment received as a result of such violation.

(13) Billing and Payment from Other Resources and Potential Third Party Coverage:

(a) When the client has third party medical coverage indicated on the Medical Care Identification or through AIS, or other coverage which is known to the provider, the provider must bill the third party resource prior to billing the Medical Assistance Program, except under the following circumstances:

(A) When another party may be liable for an injury or illness (see definition of Liability Insurance), the provider may bill the insurer or liable party or place a lien against a settlement or the provider may bill the Medical Assistance Program. The provider may not both place a lien against a settlement and bill the Medical Assistance Program. The provider may withdraw the lien and bill the Medical Assistance Program within 12 months of the date of service. If the provider bills the Medical Assistance Program, the provider must accept payment made by the Medical Assistance Program as payment in full. The provider must not return the payment made by the Medical Assistance Program in order to accept payment from a liability settlement or liability insurer or place a lien against that settlement;

(B) The provider may bill the Medical Assistance Program for the following items and services and the Medical Assistance Program will bill the third party resource:

(i) Drugs other than home parenteral, home enteral and home intravenous therapy;

(ii) Intermediate Care Facility Services for the mentally retarded;

(iii) Institutional services for the mentally and emotionally disturbed;

(iv) Prenatal and preventive pediatric services;

(v) Services covered by a third party insurer through an absent parent where the medical coverage is administratively or court ordered. The provider must first bill the third party insurer. The provider may bill the Medical Assistance Program when payment by the insurer is not made within 30 days of the date of service (see Table 1280 - TPR codes) in the provider guide.

(C) The provider may bill the Medical Assistance Program directly for services which are never covered by Medicare or another insurer on the appropriate form identified in the relevant provider guide. Documentation must be on file in the provider's records indicating this is a non-covered service. See the individual provider guide for further information on services which must be billed to Medicare first.

(b) When a provider receives a payment from any source prior to the submission of a claim to the Medical Assistance Program, the amount of the payment must be shown as a credit on the claim in the appropriate field;

(c) Except as described in (13), any provider who accepts third party payment for furnishing a service or item to a Medical Assistance client shall:

(A) Submit an Individual Adjustment Request per instructions in the individual provider guide, indicating the amount of the third party payment; or

(B) Make direct payment of the amount of the third party payment to the Medical Assistance Program. When the provider chooses to directly repay the amount of the third party payment to the Medical Assistance program, the provider must indicate the reason the payment is being made and must submit the check:

(i) An Individual Adjustment Request which identifies the original claim, name and number of the client, date of service and item(s) or service(s) for which the repayment is made; or

(ii) A copy of the Remittance Advice showing the original payment by the Medical Assistance Program.

(d) Providers are required to submit an Individual Adjustment Request showing the amount of the third party payment or to refund the amount received from another source within 30 days of the date the payment is received. Failure to submit the Individual Adjustment Request within 30 days of receipt of the third party payment or to refund the appropriate amount within this time frame is considered

concealment of material facts and grounds for recovery and/or sanction;

(e) The Medical Assistance Program reserves the right to make a claim against any third party payer after making payment to the provider of service. The Medical Assistance Program may pursue alternate resources following payment if it deems this a more efficient approach.

(14) Full Use of Alternate Resources:

(a) The Medical Assistance Program will generally make payment only when other resources are not available for the client's medical needs. Full use must be made of reasonable alternate resources in the local community. Pursuant to 42 CFR 35.61 subpart G and the Memorandum of Agreement in OAR 310-146-0000, Indian Health Services facilities and tribal facilities operating under a section 638 agreement are payors of last resort, and are not considered an alternate resource or third party resource;

(b) Alternate resources may be available:

(A) Under a federal or state worker's compensation law or plan;

(B) For items or services furnished by reason of membership in a prepayment plan;

(C) For items or services provided or paid for directly or indirectly by a health insurance plan or as health benefits of a governmental entity, excluding Indian Health Services or Tribal Health Facilities, such as:

(i) Veterans Administration;

(ii) Armed Forces Retirees and Dependents Act (CHAMPVA);

(iii) Armed Forces Active Duty and Dependents Military Medical Benefits Act (CHAMPUS); and

(iv) Medicare Parts A and B.

(D) To residents of another state under that state's Title XIX or State funded Medical Assistance Program; or

(E) Through other reasonably available resources.

(15) Diagnosis Code Requirement:

(a) A primary diagnosis code is required on all claims, unless specifically excluded in an individual OMAP medical assistance programs' provider guide;

(b) When billing using ICD-9-CM codes, all diagnosis codes are required to the highest degree of specificity;

(c) Hospitals are always required to bill using the 5th digit, in accordance with methodology used in the Medicare Diagnosis Related Groups. Table 1280 -TPR Codes

410-120-1295 Non-Participating Provider

An Office of Medical Assistance Programs (OMAP) enrolled provider that does not have a contract with an OMAP contracted managed care plan (referred to as a non-participating provider) for covered services that are subject to reimbursement from the managed care plan, must accept from the OMAP contracted managed care plan, as payment in full, the amount that the provider would be paid from OMAP if the client was fee-for-service. This rule does not apply to providers that are Type A and Type B hospitals, as they are paid in accordance with ORS 414.727.

410-120-1300 Timely Submission of Claims

(1) All claims for services must be submitted within 12 months of the date of service. (The date of service for an inpatient hospital stay is considered the date of discharge.)

(2) A claim which was submitted within 12 months of the date of service, but which was denied, may be resubmitted within 18 months of the date of service. These claims must be submitted to OMAP. The provider must provide documentation acceptable to OMAP verifying the claim was originally submitted within 12 months of the date of service, unless otherwise stated in individual provider guides.

Acceptable documentation is:

(a) A remittance advice from OMAP which shows the claim was submitted before the claim was one year old;

(b) A copy of a billing record or ledger showing dates of submission to OMAP.

(3) Exceptions to the 12-month requirement which may be submitted to OMAP are as follows:

(a) When the Office of Medical Assistance Programs or the client's branch office has made an error which caused the provider not to be able to bill within 12 months of the date of service. The error must be confirmed by the Medical Assistance Program;

(b) When a court or a Hearing Officer has ordered that the Medical Assistance Program make payment;

(c) When a client has been determined to be retroactively eligible for Medical Assistance Program coverage and more than 12 months have passed between the date of service and the determination of the client's eligibility.

410-120-1320 Authorization of Payment

(1) Some of the services or items covered by the Medical Assistance Program require authorization before payment will be made. Some services require authorization before the service can be provided. See the appropriate provider guide for information on services requiring authorization and the process to be followed to obtain authorization. Services (except medical transportation) for clients identified by OMAP as "medically fragile children", shall be authorized by DHS' Medically Fragile Children's Unit.

(2) Documentation submitted when requesting authorization must support the medical justification for the service. A complete request is one which contains all necessary documentation and meets any other requirements as described in the appropriate provider guide.

(3) The authorizing agency will authorize for the level of care or type of service which meets the client's medical need. Only services which are medically appropriate and for which the required documentation has been supplied may be authorized. The authorizing agency may request additional information from the provider to determine medical appropriateness or appropriateness of the service.

(4) The Department and its authorizing agencies are not required to authorize services or to make payment for authorized services under the following circumstances:

(a) The client was not eligible at the time services were provided. The provider is responsible for checking the client's eligibility each time services are provided;

(b) Upon request by OMAP, the provider cannot produce appropriate documentation to support medical appropriateness, or the appropriate documentation was not submitted to the authorizing agency;

(c) The service has not been adequately documented (see 410-120-1360, Requirements for Financial, Clinical and Other Records); that is, the documentation in the provider's files is not adequate to

determine the type, medical appropriateness, or quantity of services provided and/or required documentation is not in the provider's files;

(d) The services billed or provided are not consistent with the information submitted when authorization was requested and/or the services provided are determined retrospectively not to be medically appropriate;

(e) The services billed are not consistent with those provided;

(f) The services were not provided within the timeframe specified on the authorization of payment document;

(g) The services were not authorized or provided in compliance with the rules in these General Rules and in the appropriate provider guide.

(5) Payment made for services described in subsections (a) through (g) of this rule will be recovered (see also Basis for Mandatory Sanctions and Basis for Discretionary Sanctions).

(6) Retroactive Eligibility:

(a) In those instances where clients are made retroactively eligible, authorization for payment may be given if (A) through (C) of this rule are met;

(b) Services provided when a Title XIX client is retroactively disenrolled from a plan or services provided after the client was disenrolled from a plan may be authorized if (A) through (C) of this rule are met:

(A) The client was eligible on the date of service;

(B) The services provided meet all other criteria and Oregon Administrative Rules;

(C) The request for authorization is received by the appropriate DHS branch or OMAP within 90 days of the date of service.

(c) Any requests for authorization after 90 days from date of service require documentation from the provider that authorization could not have been obtained within 90 days of the date of service.

(7) Period of Authorization: Authorization of payment is valid for the time period specified on the authorization notice, but not to exceed 12 months.

(8) Payment Authorization for Clients with Other Insurance or for Medicare Beneficiaries:

(a) Medicare: When Medicare is the primary payer for a service, no payment authorization is required, unless specified in the appropriate provider guide;

(b) Private Insurance or Other Third Party Resources: For clients who have other third party resources (Blue Cross, Champus, etc.), payment authorization is required as specified above and in the appropriate provider guide when the other insurer or resource does not cover the service and/or when the other insurer reimburses less than the OMAP rate;

(c) Managed Care Providers: Authorization for some services for clients in SHMOS (Medicare's Social Health Maintenance Organization) is required by the managed care provider. Services which are covered under the Medical Assistance Program but which are not covered under the SHMO's require authorization as specified above and in the appropriate provider guide.

410-120-1340 Payment

(1) The Medical Assistance Program will make payment only to the enrolled provider who actually performs the service or the provider's enrolled billing provider for covered services rendered to eligible clients. Federal regulations prohibit OMAP from making payment to collection agencies. The Medical Assistance Program may require that payment for services be made only after review by the Medical Assistance Program.

(2) Fee-for-service payment rates are set by the Office of Medical Assistance Programs and/or the Division administering the program under which the billed services or items are provided.

(3) Payment rates will be the lesser of the amount allowed by the Medical Assistance Program or the provider's usual charge, except for reimbursement under the DRG methodology for inpatient hospital services. Reimbursement for services, including claims paid at DRG rates, will not exceed any Upper Limits established by Federal regulation.

(4) All out-of-state hospital services are reimbursed at Oregon DRG or fee-for-service rates as published in the Hospital Services Guide unless the hospital provides highly specialized services and has a contract or service agreement with the Office of Medical Assistance Programs for those services.

(5) Payment rates for in-home services provided through SDSD will not be greater than the current Medical Assistance rate for nursing facility payment.

(6) Payment rates for out-of-state institutions and similar facilities, such as skilled nursing care facilities, psychiatric and rehabilitative care facilities will be set by Department of Human Resource staff at a rate:

(a) That is consistent with similar services provided in the State of Oregon; and

(b) Is the lesser of the rate paid to the most similar facility licensed in the State of Oregon or the rate paid by the Medical Assistance Program in that state for that service; or

(c) Is the rate established by SDSD for out-of-state nursing facilities.

410-120-1360 Requirements for Financial, Clinical and Other Records

The Medical Assistance Program is responsible for analyzing and monitoring the operation of the Medical Assistance Program and for auditing and verifying the accuracy and appropriateness of payment, utilization of services, medical necessity medical appropriateness, the quality of care, and access to care. The provider and/or the provider's designated billing service or other entity responsible for the maintenance of financial, clinical, and other records, shall:

(1) Develop and maintain adequate financial and clinical records and other documentation which supports the specific care, items, or services for which payment has been requested. Payment will be made only for services which are adequately documented. Documentation must be completed before the service is billed to the Medical Assistance Program:

(a) All records must document the specific service provided, the number of services or items comprising the service provided, the extent of the service provided, the dates on which the service was provided, and the individual who provided the service. Patient account and financial records must also include documentation of charges, identify other payment resources pursued, indicate the date and amount of all debit or credit billing actions, and support the appropriateness of the amount billed and paid. For cost reimbursed services, the provider is required to maintain adequate records to thoroughly explain how the amounts reported on the cost statement were determined. The records must be accurate and in sufficient detail to substantiate the data reported;

(b) Clinical records, including records of all therapeutic services, must document the client's diagnosis and the medical need for the service. The client's record must be annotated each time a service is provided and signed or initialed by the individual who provided the service or must clearly indicate the individual(s) who provided the service. Information contained in the record must be appropriate in quality and quantity to meet the professional standards applicable to the provider

or practitioner and any additional standards for documentation found in this rule, the individual provider guide and any pertinent contracts.

(c) Have policies and procedures to ensure the maintenance of the confidentiality of medical record information. These procedures ensure the provider may release such information in accordance with federal and state statutes, ORS 179.505 through 179.507, 411.320, 433.045, 42 CFR part 2, 42 CFR subpart F, 45 CFR 205.50, including ORS 433.045(3) with respect to HIV test information.

(2) Retain clinical records for seven years and financial and other records described in subsections (a) and (b) of this rule for at least five years from the date(s) of service.

(3) Upon written request from the Medical Assistance Program, the Medicaid Fraud Unit, Oregon Secretary of State, or the Department of Health and Human Services, or their authorized representatives, furnish requested documentation immediately or within the time-frame specified in the written request. Copies of the documents may be furnished unless the originals are requested. At their discretion, official representatives of the Medical Assistance Program, Medicaid Fraud Unit, or Department of Health and Human Services, may review and copy the original documentation in the provider's place of business. Upon the written request of the provider, the Program or the Unit may, at their sole discretion, modify or extend the time for provision of such records if, in the opinion of the Program or Unit good cause for such extension is shown. Factors used in determining whether good cause exists include:

(a) Whether the written request was made in advance of the deadline for production;

(b) If the written request is made after the deadline for production, the amount of time elapsed since that deadline;

(c) The efforts already made to comply with the request;

(d) The reasons the deadline cannot be met;

(e) The degree of control that the provider had over its ability to produce the records prior to the deadline;

(f) Other extenuating factors.

(4) Access to records, inclusive of medical charts and financial records does not require authorization or release from the client if the purpose of such access is:

(a) To perform billing review activities; or

(b) To perform utilization review activities; or

(c) To review quality, quantity, medical appropriateness of care, items, and services provided; or

(d) To facilitate payment authorization and related services; or

(e) To investigate a client's fair hearing request; or

(f) To facilitate investigation by the Medicaid Fraud Unit or the Department of Health and Human Services; or

(g) Where review of records is necessary to the operation of the program.

(5) Failure to comply with requests for documents and within the specified time-frames means that the records subject to the request may be deemed by the Medical Assistance Program not to exist for purposes of verifying appropriateness of payment, medical appropriateness, the quality of care, and the access to care in an audit or overpayment determination, and accordingly subjects the provider to possible denial or recovery of payments made by the Medical Assistance Program or to sanctions.

Out-of-state providers of these services should comply with Medicare and Medicaid regulations in their state. Submittal to the Office of Medical Assistance Programs (OMAP) of the appropriate billing form requesting payment for medical services provided to a Medicaid eligible client shall be deemed representation to OMAP of the medical provider's compliance with the above-listed laws.

State Office for Services to Children and Families or police, in the manner described in ORS 419.

410-120-1540 Recovery of Overpayments to Providers resulting from medical review/audit

(1) When the Medical Assistance Program determines that an overpayment has been made to a provider, the amount of overpayment is subject to recovery:

(a) To determine the overpayment amount, the Medical Assistance Program may use the random sampling method such as that detailed in the paper entitled "Development of a Sample Design for the Post-Payment Review of Medical Assistance Payments," written by Lyle Calvin, Ph.D., ("Calvin Paper"). The Medical Assistance Program hereby adopts by reference, but is not limited to, the method of random sampling described in the Calvin Paper;

(b) After the Medical Assistance Program determines an overpayment amount by the random sampling method set forth in subsection (a) of this rule, the provider may request a 100 percent audit of all billings submitted to the Medical Assistance Program for services provided during the period in question. If a 100 percent audit is requested:

(A) Payment and arrangement for a 100 percent audit is the responsibility of the provider requesting the audit; and

(B) The audit must be conducted by a certified public accountant who is knowledgeable with the Oregon Administrative Rules covering the payments in question, and must be conducted within 120 calendar days of the request to use such audit in lieu of the Medical Assistance Program's random sample.

(2) The amount of medical review overpayment to be recovered:

(a) Will be the entire amount determined or agreed to by the Medical Assistance Program; and

(b) Is not limited to amount(s) determined by criminal or civil proceedings;

(c) Will include interest to be charged at allowable State rates.

(3) The Medical Assistance Program will deliver to the provider by registered or certified mail or in person a request for repayment of the overpayment and the documentation to support the alleged amount.

(4) If the provider disagrees with the Medical Assistance Program's determination and/or the amount of overpayment the provider may appeal the decision by requesting a contested case hearing or administrative review:

(a) A written request for hearing or administrative review of the decision being appealed must be submitted to the Medical Assistance Program by the provider pursuant to OAR 410-120-1660, Provider Appeal - Hearing Request. The request must specify the area(s) of disagreement;

(b) Failure to request a hearing or administrative review in a timely manner constitutes acceptance by the provider of the amount of the overpayment.

(5) The overpayment is due and payable 30 calendar days from the date of the decision by the Medical Assistance Program:

(a) An additional 30 day grace period may be granted the provider upon request to the Medical Assistance Program;

(b) A request for a hearing or administrative review does not change the date the repayment of the overpayment is due.

(6) The Medical Assistance Program may extend the reimbursement period or accept an offer of repayment terms. Any change in reimbursement period or terms must be made in writing by the Medical Assistance Program.

(7) If the provider refuses to reimburse the overpayment or does not adhere to an agreed upon payment schedule, the Medical Assistance Program may:

(a) Recoup future provider payments up to the amount of the overpayment; and/or

(b) Pursue civil action to recover the overpayment.

(8) As the result of a hearing or review the amount of the overpayment may be reduced in part or in full.

(9) The Medical Assistance Program may, at any time, change the amount of the overpayment upon receipt of additional information. Any changes will be verified in writing by the Medical Assistance Program. Any monies paid to the Medical Assistance Program which exceed an overpayment will be refunded to the provider.

(10) If a provider is terminated or sanctioned for any reason the Medical Assistance Program may pursue civil action to recover any amounts due and payable to the Medical Assistance Program.

410-120-1580 Provider Appeals (Level 2) - Administrative Review

(1) An administrative review allows an opportunity for the Director of the Medical Assistance Program or designee to reconsider a decision affecting the provider. The appeal may include the provision of new information or other actions that may result in the Medical Assistance Program, or prepaid health plan contractor, changing its decision. The request for an administrative review:

(a) Must be in writing to the Director of OMAP;

(b) Must specify the issues or decisions being appealed and the reason for the appeal on each issue or decision. Give specifics for each claim such as procedure code, diagnosis code, reason for denial, administrative rule violated, and why the provider feels the outcome should be different. If all information is not included in the request, your request will be returned and you will need to resubmit;

(c) For clients enrolled in a managed care organization, the provider must exhaust all levels of the appeals process outlined by the enrollee's managed care organization prior to submitting an appeal to the Director (par and non-par providers). The MCO will be contacted to provide information in support of their decision. Provider must submit documentation that reflects completion of the review with the managed care plan;

(d) Must be filed and received by the Director of OMAP within 30 days of decision from OMAP or the final decision from the managed care plan.

(2) The Director of OMAP or designee will decide which decisions may be reviewed as administrative review or referred directly for a contested case hearing under this rule. If the Director denies a request for an administrative review, the provider may within thirty days of the denial make a written request for a contested case hearing subject to OAR 410-120-1620, Provider Appeals - Appeal of Payment Decisions.

(3) If the Director decides that a meeting between the provider and Medical Assistance Program staff is required, the Director will:

(a) Notify the provider requesting the review of the date, time, and place the meeting is scheduled;

(b) Notify the MCO (when client is enrolled in an MCO) of the date, time, and place the meeting is scheduled. The MCO is not required to participate, but is invited to participate in the process.

(4) The review meeting will be conducted in the following manner:

(a) It will be conducted by the Director of the Office of Medical Assistance Programs, or designee;

(b) No minutes or transcript of the review will be made;

(c) The provider requesting the review does not have to be represented by counsel and will be given ample opportunity to present relevant information;

(d) Medical Assistance Program staff will not be available for cross examination;

(e) Failure to appear constitutes acceptance of OMAP determination;

(f) The Director of OMAP or designee may request the provider making the appeal to submit, in writing, new information that has been presented orally. In such an instance, a specific date for receiving such information will be established.

(5) The results of the administrative review will be sent to all providers involved in the review, in writing, within 30 days of the Administrative Review decision.

(6) All administrative review decisions are subject to judicial review under ORS 183.484 in the Circuit Court.

(1) The department may determine, as a result of review or other information, that an overpayment has been made to a provider, which indicates that a provider may have submitted bills and/or received payment to which he or she is not properly entitled. Such requests for refunds and recoupments may be based on, but not limited to, the following grounds:

- (a) The department paid the provider an amount in excess of the amount authorized under the state plan or other policy of the department;
- (b) A third party paid the provider for services (or a portion thereof) previously paid by the department;
- (c) The department paid the provider for services, items, or drugs that the provider did not perform or provide;

- (e) The department paid for services and later determined they were not part of the client's benefit package;
- (f) Data processing submission/entry errors.

(2) When an overpayment is identified, the provider will be notified, in writing, as to the nature of the discrepancy, the method of computing the dollar amount of the overpayment, and any further action which the department may take in the matter;

(3) The department may recover overpayments made to a provider by direct reimbursement, offset, civil action, or other actions authorized by law:

(a) Direct Reimbursement. Unless other regulations apply, the provider must reimburse the Department within thirty (30) calendar days from the date of the notice of the overpayment;

(b) Offset. The Department may withhold payment on pending claims and on subsequently received claims for the amount of the overpayment when overpayments are not paid as a result of Section (3)(b);

(c) Civil Action. The department may file a civil action in the appropriate Court and exercise all other civil remedies available to the Department in order to recover the amount of an overpayment;

(4) When the provider determines that an overpayment has been made, the provider shall notify and reimburse the department immediately, following one of the reimbursement procedures described below:

(a) Submitting a Medicaid adjustment form (OMAP 1036-Individual Adjustment Request). It is not necessary to refund with a check;

(b) Providers preferring to make a refund by check, attach a copy of the remittance statement page indicating the overpayment information. If the overpayment involves an insurance payment or another third party resource, attach a copy of the remittance statement from the insurance.

(A) Refund checks not involving third-party resource payments should be made payable to OMAP Receipting - Checks in Salem.

The hearing officer will conduct the hearing using the Attorney General's Model Rules at OAR 137-003-0501 and following:

(1) In a contested case hearing, the hearing officer shall serve a proposed order on the claimant and OMAP, unless prior to the hearing, OMAP notifies the hearing officer that a final order may be served. The proposed order will become a final order if no exceptions are filed within the time specified in subsection (2), unless OMAP notifies the parties and the hearing officer that OMAP will issue the final order.

(2) If the hearings officer issues a proposed order, and the proposed order is adverse to the provider, the provider may file exceptions to the proposed order to be considered by OMAP. The exceptions must be in writing and reach OMAP not later than 10 days after service of the proposed order. Additional evidence may be submitted only upon prior approval of OMAP. After receiving the exceptions, if any, OMAP may adopt the proposed order as the final order or may prepare a new order. Prior to issuing the final order, OMAP may issue an amended proposed order.

410-120-1860 Client Appeals

(1) These rules apply to all contested case hearings of the Medical Assistance Programs involving a claimant's medical or dental benefits, except as otherwise provided in OAR 410-141-0263. The hearings are conducted in accordance with the Attorney General's model rules at OAR 137-003-0501 and following. The method described in OAR 137-003-0520(8) is used in computing any period of time prescribed in this division of rules.

(B) The right to a hearing is otherwise provided by statute or rule.

(b) A request for a hearing is complete when the Division's Administrative Hearing request form (AFS 443) is received by OMAP or by the Hearing Officer Panel of the Employment Division not later than the 45th day following the date of the decision notice.

(c) Delay in filing a hearing request caused by circumstances beyond the control of the claimant is not counted.

(4) Expedited Hearings:

(a) A claimant who feels his or her medical or dental problem cannot wait for the normal review process may be entitled to an expedited hearing.

(b) Expedited hearings are requested using AFS Form 443.

(c) OMAP's Medical Directors Office staff will request all relevant medical documentation and present to OMAP's Medical Director for review. OMAP's Medical Director shall decide within, as nearly as possible, 2 working days from the date of receiving the documentation applicable to the request, if the claimant is entitled to an expedited hearing.

(d) An expedited hearing will be allowed, if claimant has a medical condition which is determined, in a medical review by OMAP's Medical Director, to be an immediate, serious threat to claimant's life or health and claimant has been denied a medical service.

(5) Informal Conference:

(a) The Division representative and the claimant may have an informal conference, without the presence of the hearing officer, to discuss any of the matters listed in OAR 137-003-0575. The informal conference may also be used to:

(A) Provide an opportunity for OMAP and the claimant to settle the matter;

(B) Ensure the claimant understands the reason for the action that is subject of the hearing request;

(C) Give the claimant an opportunity to review the information that is the basis for that action;

(D) Inform the claimant of the rules that serve as the basis for the contested action;

(E) Give the claimant and OMAP the chance to correct any misunderstanding of the facts;

(F) Determine if the claimant wishes to have any witness subpoenas issued; and

(G) Give OMAP an opportunity to review its action.

(b) The claimant may, at any time prior to the hearing date, request an additional conference with the Division Representative, which may be granted in the discretion of the Division Representative if it will facilitate the hearing.

(c) OMAP may provide to the claimant the relief sought at any time before the Final Order is served.

(d) Notwithstanding any rule in this chapter of rules, prehearing conferences are governed by OAR 137-003-0575.

(6) Withdrawals: A claimant may withdraw a hearing request at any time. The withdrawal is effective on the date it is received by OMAP or the hearing officer. The Hearing Officer will send a Final Order confirming the withdrawal to the claimant's last known address. The claimant may cancel the withdrawal up to the tenth work day following the date such an order is served.

(7) Proposed and Final Orders:

(a) In a contested case, the hearing officer shall serve a proposed order on the claimant and OMAP, unless, prior to the hearing, OMAP notifies the Hearing Officer that a final order may be served. The proposed order will become a final order if no exceptions are filed within the time specified in subsection (b) unless OMAP notifies the parties and the hearing officer that OMAP will issue the final order.

(b) If the hearing officer issues a proposed order, and the proposed order is adverse to the claimant, the claimant may file exceptions to the proposed order or present argument to be considered by OMAP. The exceptions must be in writing and reach OMAP not later than 10 working days after service of the proposed order. Additional evidence may be submitted only upon prior approval of OMAP. After receiving the exceptions, if any, OMAP may adopt the proposed order as the final order or may prepare a new order. 410-120-1880 Contracted Services

(1) Except as otherwise provided in OAR 410-120-1260 et seq. (applicable to provider enrollment) or OAR 410-141-0000 et seq (governing prepaid health plans), contracts may be implemented for covered services in any program area(s) of the Department of Human Services in order to achieve one or more of the following purposes:

(a) To implement and maintain prepaid health plan services.

(b) To ensure access to appropriate medical services which would otherwise not be available.

(c) To more fully specify the scope, quantity, and/or quality of the services to be provided and/or to specify requirements of the provider or to specify requirements of the Department of Human Services in relation to the provider.

(d) To obtain services more cost effectively, i.e., to reduce the costs of program administration and/or to obtain comparable services at less cost than the fee-for-service rate.

(2) Contracts, interagency agreements, or intergovernmental agreements under OAR 410-120-1880, subsection (1) funded with federal funds will be subject to applicable federal procurement and contracting requirements, and this rule will be interpreted and applied to satisfy such requirements. To the extent required by the federal funding agency, the Department of Human Services will seek prior federal approval of solicitations and/or contracts when the Department of Human Services plans to acquire or enhance services or equipment that will be paid in whole or on part with federal funds.

(3) The Department of Human Services shall use the following screening and selection procedures when entering into contracts, interagency agreements and intergovernmental agreements under OAR 410-120-1880, subsection (1). Competition shall be used in obtaining contract services to the maximum extent practical, except as otherwise provided in subsection (4).

(a) Informal Solicitation Procedure may be used for the procurement of services if the estimated cost or contract price is less than \$75,000. Proposals shall be solicited from at least three sources, except as otherwise provided in these rules.

(b) Formal Solicitation Procedure shall be used for the procurement of services when the estimated cost or contract price is \$75,000 or more. Proposals shall be solicited as outlined in these rules.

(4) Selection by Negotiation may be used for the procurement of goods or services if:

(a) Sole Source: The good or service is available only from a single source or the sole source has special skills that are only available based upon his/her expertise or situation. If the Director of the Department of Human Services, or designee, determines that only a single contractor is available or practical for purposes of this rule, the Director or designee may approve selection by negotiation. A memorandum signed by the Director or designee setting forth the reasons for using a sole source contract shall be placed in the contract file.

(b) Emergency: Public need, significant risk of interruption of services, or emergency advises against a delay incident to competitive solicitation. If the Director of the Department of Human Services, or designee, determines that an emergency exists for purposes of this rule, the Director or designee may approve selection by negotiation. A memorandum signed by the Director or designee setting forth the nature of the emergency shall be placed in the file.

(c) Federal Requirements: Compliance with federal requirements necessitated proceeding without competitive solicitation. Documentation of the applicable federal requirements shall be placed in the contract file.

(d) Agreements with state or other governmental entities are not subject to competitive solicitation.

(5) A Request for Proposal (RFP) or similar solicitation mechanism shall be prepared for contracts for which the Formal Solicitation Procedure will be used. The solicitation document should include at a minimum the following elements, when applicable:

(a) Statement of required work, including a clear description of the services to be provided, standards by which performance of the services will be measured and/or conditions affecting the delivery of services;

(b) Minimum standards and qualifications which contractors must meet to be eligible to provide the services;

(c) Information which the prospective contractors must submit in their proposals to support their capability, such as references and experience providing the same or similar services (when, where, for whom, type of service, etc.);

(d) Funding information and budget requirements;

(e) Information about ownership interests in software or hardware designed, acquired, developed or installed with federal funds, in compliance with federal requirements for ownership, management and disposition;

(f) The form and organization of proposals, when and where proposals are to be submitted, whether late proposals may be considered, and when an award of a contract is expected;

(g) The method and criteria to be used in evaluating proposals and the weighting assigned to each criterion;

(h) Provisions stating how and when the RFP must be contested, and how and when the final award must be contested;

(i) Notice that all costs incurred in the preparation of a proposal will be the responsibility of the proposer and will not be reimbursed by the Department of Human Services; and

(j) Contract provisions.

(6) Proposals shall be evaluated in a manner consistent with the evaluation criteria in the solicitation document. A written document stating why the selection was made will be placed in the contract file.

(7) Unless exempt under ORS 291.045 or rules adopted thereunder, the Department of Human Services shall obtain the review and approval of the solicitation document, contract or agreement by the Department of Justice.

410-120-1920 Institutional Reimbursement Changes

The Medical Assistance Program is required under federal regulations, 42 CFR 447, to submit specific assurances and related information to the Health Care Financing Administration whenever it makes a material change in its methods and standards for setting payment rates for inpatient hospital services or long-term care facilities. Federal regulation also specifies that a public notice will be published in the newspaper of widest circulation in each city with a population of 50,000 or more when the change being made is a Significant Change. A "Significant Change" is defined as a change in payment rates which affects the general method of payment to all providers of a particular type or is projected to affect total reimbursement for that particular type of provider by six percent or more during the 12 months following the effective date.

410-120-1960 Payment of Private Insurance Premiums

(1) Instead of paying providers directly, the Medical Assistance Program may pay insurance policy premiums or otherwise enter into agreements with other health insurance plans when it determines that payment of premiums and/or co-insurance and deductibles is likely to be cost effective, i.e., that the estimated net cost to the Medical Assistance Program will be less than the estimated cost of paying providers on a fee-for-service or other basis.

(2) The Medical Assistance Program will assure that all Medicaid covered services continue to be made available to eligible individuals for whom the Medical Assistance Program elects to purchase insurance.

(3) Payment of insurance policy premiums for Medicaid clients or eligible applicants will allow for the purchase of or continuation of a client or eligible applicant's coverage by another third party.

(4) Assessment of cost effectiveness will include:

(a) The past utilization experience of the client/eligible applicant as determined by past Medical Assistance and third party insurance utilization and claims data; and

(b) The current and probable future health status of the client/eligible applicant based upon existing medical conditions, previous medical history, age, number of dependents, and other relevant health status indicators; and

(c) The coverage of benefits, premium costs, copayments and coinsurance provisions, restrictions and other policies of the health insurance plans being considered.

(5) The Medical Assistance Program may purchase documents or records necessary to establish or maintain the client's eligibility for other insurance coverage.

(6) The Medical Assistance Program will not make payments for any benefits covered under the health insurance plan, except as follows:

(a) The Medical Assistance Program will calculate the Medical Assistance Program's allowable payment for a service. The amount paid by the other insurer will be deducted from the OMAP allowable. If the OMAP allowable exceeds the third party payment, OMAP will pay the provider of service the difference;

(b) The payment made by OMAP will not exceed any co-insurance, co-payment or deductible due;

(c) OMAP will make payment only for covered services.

(2) If copies of non-exempt public records are requested, a charge will be made to the requestor to cover actual costs. The charge must be paid before the requested copies are released. The charges will be based on the following:

(a) If the request for copies involves minimal staff time, the charge will be 20 cents a page;

(b) If the request is for ten pages or more and requires 15 minutes or more of staff time, the requestor will be charged for the actual cost of staff time taken to search, glean and edit the records, for computer costs if required, and for photocopying at 20 cents a page. The minimum hourly charge for staff time will be \$8;

(c) When an Attorney General's review or consultation is required by OMAP, an additional charge will be made to cover the cost of that service.

(3) Part or all of the actual charges may be waived when the services provided will directly benefit OMAP or a client has need for copies of records and cannot afford the fee.
