**RULE SUMMARY**

The Home Health Services Program rules govern the Division of Medical Assistance Programs' (Division) payments for services provided to certain clients. The Division temporarily amended OAR 410-127-0060 to implement rate changes to HH providers to comply with budget limitations required by the 2011 Legislative Assembly in SB 5529 and implement adjustments based on provider and association Rules Advisory Committee input. Now the Division permanently amends the rule including revisions for rate changes and Medicaid supply daily maximums, and revert back to rebasing and recalculations of rates as in the previous rule. However, implementation of these amendments is subject to approval by the Centers for Medicare and Medicaid Services.
