Targeted Case Management Services Rulebook

Update Information for

February 1, 2007

The Department of Human Services (DHS) changed the name of **Office** of Medical Assistance Programs (**OMAP**) to **Division** of Medical Assistance Programs (**DMAP**). DMAP amended all rules in this Rulebook to reflect this name change, other DHS division name changes and other minor spelling and grammar corrections. Some “non-rule” pages in the Rulebook may have been adjusted for consistency.

410-138-0000 Babies First/Cocoon Program

(1) Babies First/Cocoon Targeted Case Management (TCM) Services is a medical program operated by public health authorities, which matches public funds with matching Federal Funds for Oregon Health Plan (OHP) Medicaid eligible clients. These rules are to be used in conjunction with the General Rules governing the Division of Medical Assistance Programs (DMAP) (OAR 410 Division 120). The TCM Services rules are a user's manual designed to assist the TCM Provider Organization in matching State and Federal Funds for TCM services defined by Section 1915(g) of the Social Security Act, 42 USC (1396n)(g).

(2) The rules of the Babies First/Cocoon -- Targeted Case Management Plan define Oregon Medicaid's program to reimburse the services provided under Babies First/Cocoon. This program expands preventive services for all infants and pre-schoolers (0 through 3 years) covered by Medicaid who are at risk of poor health outcome as outlined in OAR 410-138-0040, Risk Factors, provided by an enrolled Babies First/Cocoon – TCM provider consistent with these rules.

(3) Services include management of non-medical services, which address health, psychosocial, economic, nutritional and other services. Home visits constitute a significant part of the delivery of services.

410-138-0020 Definitions -- Babies First/Cocoon Program

(1) "Assessment" -- The systematic ongoing collection of data to determine current status and identify needs in physical, environmental, psychosocial, developmental, educational, behavioral, emotional, and mobility areas. Data sources include interviews, existing available records, needs assessment, the use of standardized assessment tools (i.e., NCAST and Regional X Screening Standards), and contacts with the primary care provider, other professionals, and other parties on behalf of the client.

(2) "Case Management" -- Activities which will assist the client in gaining access to and effectively utilizing needed health, psychosocial, nutritional, and other services.

(3) "Intervention":

(a) Linkage -- Establishing, maintaining, and documenting a referral process with pertinent individuals and agencies which avoids duplication of services to clients. Referral must include documentation of client authorization and follow-up;

(b) Planning -- Identifying needs, writing goals and objectives, and determining resources to meet those needs in a coordinated, integrated fashion;

(c) Implementation -- Putting the plan into action and monitoring its effectiveness;

(d) Support -- Support is provided to assist the family reach the goals of the plan, especially, if resources are inadequate or service delivery system is non-responsive.

(4) "Screening" -- Use of a single tool(s) or procedure(s) to identify a potential problem. Screening is not designed to diagnose the problem, but to sort the target population into two groups: Those at risk for a particular problem and those not at risk.

410-138-0080 Billing Policy and Codes -- Babies First/Cocoon Program

(1) Payment will be made to the enrolled Targeted Case Management Provider as the performing provider for those Case Management services provided by the employed staff person:

(2) Signing the Provider Enrollment Agreement sets forth the relationship between the State of Oregon, Department of Human Services and the TCM provider and constitutes agreement by the provider to comply with all applicable rules of the Medical Assistance Program, federal and state laws or regulations;

(3) The TCM provider will bill according to OAR 410 division 138 rules. Payments will be made through the Medical Management Information System (MMIS). The TCM provider must have a trading partner agreement with DHS prior to submission of electronic transactions;

(4) Targeted Case Management authorized under these rules is a cost-sharing (Federal Financial Participation matching) program. In addition to the requirements set forth in this rule, and pursuant to 42CFR433.10, DHS may monthly, but will no less than quarterly, invoice the TCM provider for their non-federal matching share based on the current Federal Medical Assistance Percentage (FMAP) rate. The TCM provider shall pay the amount stated in the invoice within 30 days of the date of the invoice;

(a) The TCM provider's share means the public funds share of the Medicaid payment amount. Pursuant to 42CFR433.51, public funds may be considered as the State's share in claiming federal financial participation if the public funds meet the following conditions: The public funds are transferred to DHS from public agencies, and the public funds are not federal funds or are federal funds authorized by federal law to be used to match other federal funds;

(b) The TCM provider's non-federal matching share shall be based on the current Federal Medical Assistance Percentage (FMAP) rate for Oregon provided annually by the Centers for Medicare and Medicaid Services. This percentage can vary each federal fiscal year. The DHS

invoice shall be based on the FMAP in effect at the time of the State's payment to the TCM provider;

(c) The TCM provider shall submit to the Division of Medical Assistance Programs (DMAP) an original signed document certifying that the public funds transferred to DMAP (for the non-federal matching share) by the TCM provider under this rule are not federal funds or are federal funds authorized by federal law to be used to match other federal funds.

(5) Failure to timely remit the non-federal share described in subsection (4) will constitute an overpayment and will make the provider subject to overpayment recoupment or other remedy pursuant to DMAP General Rules, OAR 410-120-1400 through 410-120-1685.

(6) DMAP shall not be financially responsible for payment of any claim that the Centers for Medicare and Medicaid Services (CMS) disallows under the Medicaid program. If DMAP has previously paid the TCM provider for any claim which CMS disallows, the TCM provider shall reimburse DMAP the amount of the claim that DMAP has paid to the TCM provider, less any amount previously paid by the TCM provider to DMAP for purposes of reimbursing DMAP the non-federal match portion for that claim.

(7) Billing criteria for this program is as follows:

(a) The procedure code to be used is "T1016" for Babies First/Cocoon -- Targeted Case Management. Maximum billing for the T1016 code is one time per day per client. One of the three activities listed below must occur in order to bill:

(A) Screening;

(B) Assessment;

(C) Intervention.

(b) Any place of service (POS) is valid;

(c) Prior authorization is not required;

(d) The provider must use Diagnosis Code "V201".

(8) Duplicate billings are not allowed and duplicate payments will be recovered. Services will be considered as duplicate if the same services are billed by more than one entity to meet the same need. Medical services must be provided and billed separately from Case Management Services.

(9) A unit of service can only be billed once under one procedure code, under one provider number.

410-138-0320 Definitions – HIV Program

(1) "Assessment" -- The systematic ongoing collection of data to determine current status and identify a client's physical, psychosocial, and educational need. An HIV nursing assessment tool will measure ability of the client to manage care at home including pain control, medication management, nutritional needs, personal care needs, home safety assessment, coping with symptoms and disease process, as well as education and service needs that might enhance the client's ability to maintain an independent lifestyle as long as possible. Data sources will include client and support person interviews, information from the referral source, communication with health care team members, and existing available records.

(2) "Case Management" -- Activities which will assist the client in gaining access to and effectively utilizing needed physical, psychosocial, nutritional, and other services.

(3) "Comprehensive Care/Services Plan Development" -- Identifying needs, writing goals and objectives, and determining resources to meet those needs in a coordinated, integrated fashion. Emphasis is placed on client independence and client participation in planning of his/her own care. Natural support systems include family members, partners, and friends.

(4) "Intervention/Implementation" -- Putting the Case Management Plan into action and monitoring its status. When possible, intervention is provided in the home where client retention of information is improved, the cost of clinic space is saved, and support persons can be included. Intervention/implementation of the Case Management Plan include identifying, referring and arranging for needed support services such as:

(a) Medication management systems, including safe levels of pain control;

(b) Nutritional support programs (teaching, Meals on Wheels, arranging for a volunteer);

(c) Care plans for the coordination of volunteers;

- (d) Disease specific education of clients and caregivers;
- (e) Caregiver respite;
- (f) Childcare;
- (g) Grief and loss counseling;
- (h) Personal care decisions;
- (i) Benefits eligibility;
- (j) Stress reduction;
- (k) Mental health assessments;
- (l) Substance abuse treatment;
- (m) Spiritual counseling;
- (n) Emotional support to clients, partners, and family members;
- (o) Facilitating early hospital discharge by assuring that support systems are in place prior to patient discharge;
- (p) Coordination of client care;
- (q) Coordination of home health agency and hospice nursing services.

(5) "Coordination/Linking of Services" -- Establishing and maintaining a referral process with pertinent individuals and agencies to avoid duplication of services to clients, to assist clients in accessing resources, and to solicit referrals from the community into the managed care system. Support and coordination is provided to assist the client and service providers to reach the goals of the plan; especially if resources are inadequate or service delivery system is nonresponsive.

(6) "Evaluation" -- Each visit will include a reassessment of the client's status and needs, review and update of the care plan, appropriate action and referral, and accurate record keeping.

410-138-0520 Definitions -- Pregnant Substance Abusing Women and Women with Young Children Program

(1) "Screening and Assessment" -- The gathering of information to assess the client's need for various services, foremost being treatment for alcohol and drug abuse/addiction. Information will be gathered from the criminal justice system, the Housing Authority, and other sources as appropriate. A uniform assessment tool will be used for screening clients and identifying needed services.

(2) "Case Plan Development" -- The development of an individualized case plan utilizing the input of a treatment team that will consist of the case manager, alcohol and drug treatment counselor, criminal justice system representatives, prenatal care provider, and others instrumental in the client's life. The case plan will include components for alcohol and other drug abuse treatment, medical care, housing, education, child care, parenting, vocational, and mental health services. Goals and objectives will be written, and resources will be identified to meet the client's needs in a coordinated, integrated fashion. The case plan will be refined, and the client's progress in meeting goals and objectives will be assessed, in periodic meetings of the treatment team as treatment progresses.

(3) "Intervention/Implementation" -- The linking of the client with appropriate community agencies and services identified in the case plan through calling or visiting these resources. The case manager will facilitate implementation of agreed-upon services through assisting the client, increasing the services and through assuring that the clients and providers fully understand how these services support the agreed-upon case plan.

410-138-0560 Billing Policy and Codes -- Pregnant Substance Abusing Women and Women with Young Children

(1) Payment will be made to the enrolled Targeted Case Management Provider as the performing provider for those Case Management services provided by the employed staff person:

(2) Signing the Provider Enrollment Agreement sets forth the relationship between the State of Oregon, Department of Human Services (DHS) and the TCM provider and constitutes agreement by the provider to comply with all applicable rules of the Medical Assistance Program, federal and state laws or regulations;

(3) The TCM provider will bill according to OAR 410 division 138 rules. Payments will be made through the Medical Management Information System (MMIS). The TCM provider must have a trading partner agreement with DHS prior to submission of electronic transactions;

(4) Targeted Case Management authorized under these rules is a cost-sharing (Federal Financial Participation matching) program. In addition to the requirements set forth in this rule, and pursuant to 42CFR433.10, DHS may monthly, but will no less than quarterly, invoice the TCM provider for their non-federal matching share based on the current Federal Medical Assistance Percentage (FMAP) rate. The TCM provider shall pay the amount stated in the invoice within 30 days of the date of the invoice;

(a) The TCM provider's share means the public funds share of the Medicaid payment amount. Pursuant to 42CFR433.51, public funds may be considered as the State's share in claiming federal financial participation if the public funds meet the following conditions: The public funds are transferred to DHS from public agencies, and the public funds are not federal funds or are federal funds authorized by federal law to be used to match other federal funds;

(b) The TCM provider's non-federal matching share shall be based on the current Federal Medical Assistance Percentage (FMAP) rate for Oregon provided annually by the Centers for Medicare and Medicaid Services. This percentage can vary each federal fiscal year. The DHS

invoice shall be based on the FMAP in effect at the time of the State's payment to the TCM provider;

(c) The TCM provider shall submit to the Division of Medical Assistance Programs (DMAP) an original signed document certifying that the public funds transferred to DMAP (for the non-federal matching share) by the TCM provider under this rule are not federal funds or are federal funds authorized by federal law to be used to match other federal funds.

(5) Failure to timely remit the non-federal share described in subsection (4) will constitute an overpayment and will make the provider subject to overpayment recoupment or other remedy pursuant to DMAP General Rules, OAR 410-120-1400 through 410-120-1685.

(6) DMAP shall not be financially responsible for payment of any claim that the Centers for Medicare and Medicaid Services (CMS) disallows under the Medicaid program. If DMAP has previously paid the TCM provider for any claim which CMS disallows, the TCM provider shall reimburse DMAP the amount of the claim that DMAP has paid to the TCM provider, less any amount previously paid by the TCM provider to DMAP for purposes of reimbursing DMAP the non-federal match portion for that claim.

(7) Billing criteria for this program is as follows:

(a) The procedure code to be used is "T2023" for Pregnant Substance Abusing Women with Young Children –Targeted Case Management. Maximum billing for the T2023 code is one time per calendar month per client. One of the three activities listed below must occur in order to bill:

(A) Screening;

(B) Assessment;

(C) Intervention.

(b) Any place of service (POS) is valid;

(c) Prior authorization is not required;

(d) Provider must use Modifier Code "HF" and Diagnosis Code "V6141".

(8) Duplicate billings are not allowed and duplicate payments will be recovered. Services will be considered as duplicate if the same services are billed by more than one entity to meet the same need. Medical services must be provided and billed separately from Case Management Services.

(9) A unit of service can only be billed once under one procedure code, under one provider number.

410-138-0620 Definitions - Federally Recognized Tribal Governments in Oregon

(1) "Assessment" – After the need for tribal targeted case management services has been determined, the tribal case manager assesses the specific areas of concern, family strengths and resources, community resources and extended family resources available to resolve those identified issues. At assessment, the tribal case manager makes preliminary decisions about needed medical, social, educational, or other services and the level or direction tribal case management will take.

(2) "Case Planning" – The tribal case manager develops a case plan, in conjunction with the Client and family (where applicable), to identify the goals and objectives, which are designed to resolve the issues of concern identified through the assessment process. Case planning includes setting of activities to be completed by the tribal case manager, the family and Client. This activity will include accessing medical, social, educational, and other services to meet the Clients' needs.

(3) "Case Plan Implementation" – The tribal case manager will link the Client and family with appropriate agencies and medical, social, educational or other services through calling or visiting these resources. The tribal case manager will facilitate implementation of agreed-upon services through assisting the Client and family to access them and through assuring the Clients and providers fully understand how these services support the agreed-upon case plan.

(4) "Case Plan Coordination" – After these linkages have been completed, the tribal case manager will ascertain, on an ongoing basis, whether or not the medical, social, educational, or other services have been accessed as agreed, and the level of involvement of the Client and family. Coordination activities include, personal, mail and telephone contacts with providers and others identified by the case plan, and well as meetings with the Client and family to assure that services are being provided and used as agreed.

(5) "Case Plan Reassessment" – In conjunction with the Client, the tribal case manager will determine whether or not medical, social,

educational or other services continue to be adequate to meet the goals and objectives identified in the case plan. Reassessment decisions include those to continue, change or terminate those services. Reassessment will also determine whether the case plan itself requires revision. This may include assisting Clients to access different medical, social, educational or other needed services beyond those already provided. Reassessment activities include, staffing and mail, personal, and telephone contacts with involved parties.

410-138-0680 Payment, Methodology, and Billing Instructions and codes - Federally Recognized Tribal Governments in Oregon

(1) Payment for case management services under the plan shall not duplicate payments made to public agencies or private entities under other program authorities for this same purpose. Targeted Case Management (TCM) services may not be reimbursed under this rule if the services are case management services funded by Title IV and XX of the Social Security Act, and federal and or state funded parole and probation, or juvenile justice programs.

(2) Payment Methodology for Tribal Targeted Case Management: For the purposes of these TCM rules, "Unit" is defined as a month. A unit consists of at least one documented contact with the Client (or other person acting on behalf of the Client) and any number of documented contacts with other individuals or agencies identified through the case planning process.

(3) Payment for tribal TCM services will be made using a monthly rate based on the total average monthly cost per Client served by the TCM Provider during the last fiscal year for which audited financial statements have been filed with the Department of Human Services (Department). The costs used to derive the monthly tribal TCM rate will be limited to the identified costs divided by the number of Clients served. Tribal TCM provider costs for direct and related indirect costs that are paid by other Federal or State programs must be removed from the cost pool. The cost pool must be updated, at a minimum, on an annual basis using a provider cost report. The rate is established on a prospective basis. In the first year, the rate will be based on estimates of cost and the number of Clients served. For subsequent years, the rate will be based on actual eligible TCM costs from the previous year. A cost report must be submitted to the Department at the end of each state fiscal year (at a minimum), and will be used to establish a new rate for the following fiscal year.

(4) Payment will be made to the enrolled tribal TCM organization as the performing provider for those services provided by the employed staff person.

(5) Signing the Provider Enrollment Agreement sets forth the relationship between the State of Oregon, Department of Human Services and the TCM provider and constitutes agreement by the provider to comply with all applicable rules of the Medical Assistance Program, federal and state laws or regulations.

(6) The TCM provider will bill according to OAR 410 division 138 rules. Payments will be made through the Medical Management Information System (MMIS).

(7) Targeted Case Management for the Division of Medical Assistance Programs (DMAP) certified case management providers, is a cost-sharing (Federal Financial Participation matching) program. In addition to the requirements set forth in subsections (1) through (6) of this rule, and pursuant to 42CFR433.10, DHS may monthly, but will no less than quarterly, invoice the TCM provider for their non-federal matching share based on the current Federal Medical Assistance Percentage (FMAP) rate. The TCM provider shall pay the amount stated in the invoice within 30 days of the date of the invoice:

(a) The TCM provider's share means the tribal funds share of the Medicaid payment amount. Pursuant to 42CFR433.51, tribal funds may be considered as the State's share in claiming federal financial participation if the tribal funds meet the following conditions: The tribal funds are transferred to DHS from a tribal government; and, the tribal funds are not federal funds or are federal funds authorized by federal law to be used to match other federal funds;

(b) The TCM provider's non-federal matching share shall be based on the current Federal Medical Assistance Percentage (FMAP) rate for Oregon provided annually by the Centers for Medicare and Medicaid Services. This percentage can vary each federal fiscal year. The DHS invoice shall be based on the FMAP in effect at the time of the State's expenditure to the TCM provider;

(c) The TCM provider shall submit to DMAP an original signed document certifying that the allowable tribal funds transferred to DMAP (for the non-federal matching share) by the TCM provider under this rule are not federal funds, or are federal funds authorized by federal law to be used to match other federal funds.

(8) Failure to timely remit the non-federal share described in subsections (1) will constitute an overpayment, and will make the provider subject to overpayment recoupment or other remedy pursuant to the DMAP General Rules, OAR 410-120-1400 through 410-120-1685.

(9) Billing criteria for this program is as follows:

(a) The procedure code to be used for Federally Recognized Tribal Government -- Targeted Case Management is "T1017." One of the activities listed below must occur in order to bill. Maximum billing code is one time per month per client:

(A) Assessment;

(B) Case Planning;

410-138-0720 Definitions - Early Intervention/Early Childhood Special Education Targeted Case Management

(1) "Case management" is provided to eligible children in the target group to assist and enable the eligible child to gain access to needed medical, social, educational, developmental and other appropriate services. The case manager (aka service coordinator) is responsible for assisting the child and family in gaining access to and coordinating all services across agency lines and serving as the single point of contact in helping the child and family obtain the services and assistance they need. Case management may be delivered in person, electronically, or by telephone for the purpose of enabling the child and family to gain access to and obtain the needed services. Case management services include:

(a) "Intake and Needs Assessment" -- The systematic ongoing collection of data to determine current status and identify needs in physical, environmental, psychosocial, developmental, educational, social, behavioral, emotional, and mobility areas. Data sources include family interview, existing available records, and needs assessment;

(b) "Plan of Care: Development of the Targeted Case Management Plan Coordinated with the Individualized Family Service Plan (IFSP)" -- The case manager (service coordinator) develops a targeted case management plan coordinated with the IFSP, in conjunction with the family and other IFSP team members to identify goals, objectives and issues identified through the targeted case management assessment process. Targeted case management case planning includes determining activities to be completed by the case manager, in support of the eligible child and family. These activities include accessing appropriate health and mental health, social, educational, vocational, and transportation services to meet the eligible child's needs.

(2) "Service Coordination and Monitoring":

(a) Linkages - establishing and maintaining a referral process with pertinent individuals and agencies, which avoids duplication of services to the eligible child and family;

(b) Planning - Identifying needs, writing goals and objectives, and determining resources to meet those needs in a coordinated, integrated fashion with the family and other IFSP team members;

(c) Implementation - Putting the targeted case management plan into action and monitoring its status;

(d) Support - Support is provided to assist the family to reach the goals of the plan, especially if resources are inadequate or the service delivery system is non-responsive;

(3) "Reassessment and Transitioning Planning": The case manager (service coordinator), in consultation with the family and other IFSP team members, determines whether or not the linked services continue to meet the eligible child and family's needs, and if not, adjustments are made and new or additional referrals are made to adequately meet the defined child and family needs. These services:

(a) Assist families of eligible children in gaining access to EI/ECSE services and other medical or social services identified in the targeted case management plan;

(b) Permit coordinating of EI/ECSE services and other medical or social services (such as medical services for other than diagnostic and evaluation purposes) that the eligible child needs or is being provided;

(c) Assist families in identifying available medical and social service providers;

(d) Permit coordination and monitoring the delivery of available medical or social services;

(e) Inform families of the availability of medical/social services;

(f) Maintain a record of targeted case management activities in each eligible child's record.

410-138-0780 Payment, Payment Methodology, and Billing Instructions and codes - Early Intervention/Early Childhood Special Education Targeted Case Management

(1) Payment for EI/ECSE TCM services, under these rules, will not duplicate payments made to public or private entities under other program authorities for this same purpose.

(2) Payment Methodology for EI/ECSE Targeted Case Management: Payment for Targeted Case Management will be based on a monthly encounter rate.

(a) The rate for reimbursement of the case management services is computed as follows. Compute the annual case manager salary and fringe benefits, plus other operating cost including travel, supplies, telephone, and occupancy cost, plus direct supervisory cost, plus average indirect administrative cost of provider organization; that will equal the total annual cost per case manager. Then divide by 12; that will equal the monthly cost per case manager. Then divide by the number of children to be served during the month, that will equal the total monthly cost per child;

(b) The total cost, per case manager, is the sum of the case manager's salary, direct supervisory costs, indirect administrative costs of the provider organization and other operating costs such as travel, supplies, occupancy, and telephone usage. Dividing the statewide average cost, per case manager, by twelve (12) months yields the average monthly cost per case manager. Dividing the monthly cost, per case manager, by the number of children to be served during the month results in the total monthly costs per child. This is the encounter rate to be used for the monthly billing whenever a Medicaid eligible client receives a TCM service during that month.

(3) Payment will be made to the enrolled Targeted Case Management Organization as the performing provider for those services provided by the employed staff person.

(4) Signing the Provider Enrollment Agreement sets forth the relationship between the State of Oregon, Department of Human Services (DHS) and the TCM provider and constitutes agreement by the provider to comply with all applicable rules of the Medical Assistance Program, federal and state laws or regulations.

(5) The TCM provider will bill according to OAR 410 division 138 rules. Payments will be made through the Medical Management Information System (MMIS).

(6) Targeted Case Management for TCM Provider organizations certified as eligible to enroll under OAR 410-138-0740 is a cost-sharing (Federal Financial Participation matching) program. In addition to the requirements set forth in subsections (1) through (5) of this rule, and pursuant to 42CFR433.10, DHS may monthly, but will no less than quarterly, invoice the governmental TCM provider or the TCM Provider's responsible governmental entity for their non-federal matching share based on the current Federal Medical Assistance Percentage (FMAP) rate. The governmental TCM provider or its responsible governmental entity shall pay the amount stated in the invoice within 30 days of the date of the invoice.

(a) The TCM provider's share means the public funds share of the Medicaid payment amount. Pursuant to 42CFR433.51, public funds may be considered as the State's share in claiming federal financial participation, if the public funds meet the following conditions:

(A) The public funds are transferred to DHS from public agencies; and, the public funds are not federal funds or are federal funds authorized by federal law to be used to match other federal funds;

(B) The public funds transferred to DHS may not be derived by the governmental entity from donations or taxes that would not otherwise be recognized as the non-federal share under 42 CFR 433 Subpart B;

(b) The TCM provider's non-federal matching share shall be based on the current Federal Medical Assistance Percentage (FMAP) rate for Oregon provided annually by the Centers for Medicare and Medicaid Services. This percentage can vary each federal fiscal year. The DHS invoice shall be based on the FMAP in effect at the time of the State's expenditure to the TCM provider;

(c) The governmental TCM provider or its responsible governmental entity shall submit to the Division of Medical Assistance Programs (DMAP) an original signed document certifying that the public funds transferred to DMAP (for the non-federal matching share) under this rule are not federal funds, or are federal funds authorized by federal

law to be used to match other federal funds, and that the transferred funds are not derived from donations or taxes that would not otherwise be recognized as the non-federal share under 42 CFR 433 Subpart B.

(7) Failure to timely remit the non-federal share described in subsection (6) or failure to comply with the public funds requirements of subsection (6) will constitute an overpayment, and will make the provider subject to overpayment recoupment or other remedy pursuant to DMAP General Rules, OAR 410-120-1400 through 410-120-1685. Failure to comply with the public funds requirements in this rule may result in termination of the TCM provider enrollment agreement.

(8) Billing criteria for this program is as follows:

(a) The procedure code to be used is “T2023” for Early Intervention/Early Childhood Special Education -- Targeted Case Management. One of the activities listed below must occur in order to bill. Maximum billing code is one time per month per client:
