Service Delivery

(1) The Division of Medical Assistance Programs (Division) enrolls the following as providers of vision services:

(a) A person licensed by the relevant state licensing authority to practice optometry (e.g., doctors of optometry – optometrists, optometric physicians);

(b) A licensed ophthalmologist (e.g., physician). See also Oregon Administrative Rule (OAR) 410 Division 130 governing medical-surgical services, including radiology;

(c) Optician as defined in ORS 683.510-683.530. The Division contracts with SWEEP Optical Laboratories for eyeglass materials (i.e., frames, lenses, specialty frames, and miscellaneous items), excluding contact lenses. See OAR 410-140-0260 Purchase of Ophthalmic Materials for restrictions.

(2) Division clients are enrolled for covered health services to be delivered through one of the following means:

(a) Prepaid Health Plan (PHP) or Coordinated Care Organization (CCO). See OAR 410-120-0250 Prepaid Health Plan or Coordinated Care Organization:

(A) Most Oregon Health Plan (OHP) clients have prepaid health services contracted for by the Oregon Health Authority (Authority) through enrollment in a PHP or a CCO;

(B) Payment for all vision services (including routine vision exams, fittings, repairs, therapies and materials) provided to PHP and CCO members by ophthalmologists, optometrists and opticians is a matter between the provider and the PHP or CCO:

(i) Providers shall comply with PHP and CCO policies, including prior authorization requirements, for reimbursement. Providers shall inform PHPs and CCOs of the last date of service when inquiring on service limitations. Failure to follow PHP and CCO rules may result in the denial of payment; and

(ii) If the provider has been denied payment for failure to follow the rules established by the PHP or CCO, neither the Division, the PHP or CCO, nor the PHP or CCO member are responsible for payment; and

(iii) If the PHP or CCO utilizes the Division's visual materials contractor or another visual materials contractor for visual materials and supplies, all issues shall be resolved between the PHP or CCO and the contractor;

(b) Fee-for-service (FFS):

(A) FFS clients are not enrolled in a PHP or CCO and can receive vision services from any Division-enrolled provider that accepts FFS clients subject to limitations and restrictions in the visual services program rules; and

(B) All claims shall be billed directly to the Division.

(3) The provider shall verify whether a PHP, CCO or the Division is responsible for reimbursement. Refer to Oregon Administrative Rule (OAR) 410-120-1140 Verification of Eligibility.

(4) If a client receives services under sections (2)(b) of this rule:

(a) The Division may require a prior authorization for certain covered services or items before the service can be provided and before payment is made. See OAR 410-140-0040 Prior Authorization for more information; and

(b) Providers needing materials and supplies shall order those directly from SWEEP Optical, except when the Oregon Health Plan client has primary Medicare coverage. See OARs 410-140-0080, 410-140-0260 and 410-140-0400.

(5) Most Oregon Health Plan (OHP) clients are responsible for paying a co-payment for some services. See OAR 410-120-1230, Client Co-payment, and Table 120-1230-1 for specific details including client and service exemptions.

410-140-0040

Prior Authorization

(1) Prior Authorization (PA) is defined in Oregon Administrative Rule (OAR) 410-120-0000 Acronyms and Definitions. Providers must obtain a PA from the:

(a) Enrolled member's Prepaid Health Plan (PHP) or Coordinated Care Organization (CCO) (See OAR 410-140-0020 and refer to 410-120-0250, PHP or CCOs.); and

(b) Division of Medical Assistance Programs (Division) for clients who receive services on a fee-for-services basis and are not enrolled with a PHP or CCO.

(2) A PA does not guarantee eligibility or reimbursement. It is the responsibility of the provider to verify the client's eligibility on the date of service and whether a PHP, CCO or the Division is responsible for reimbursement. Refer to OAR 410-120-1140 Verification of Eligibility.

(3) A PA is not required for clients with both Medicare and Division coverage when the service or item is covered by Medicare.

(4) It is the provider's responsibility to determine if a PA is required and to comply with all PA requirements outlined in these Visual Services administrative rules. See also OAR 410-120-1320 Authorization of Payment.

(5) It is the provider's responsibility to ensure:

(a) PA requests are completed and submitted correctly. The Division does not accept PA requests via the phone. Refer to the Visual Services Supplemental Information Guide found on this Division website at <http://www.dhs.state.or.us/policy/healthplan/guides/vision/main.html> ;

(b) PA requests include:

(A) A statement of medical appropriateness showing the need for the item or service and why other options are inappropriate;

(B) Diopter information and appropriate International Classification of Diseases, 9th revision, Clinical Modification (ICD-9-CM) diagnosis codes;

(C) All relevant documentation that is needed for Division staff to make a determination for authorization of payment, including clinical data or evidence, medical history, any plan of treatment, or progress notes;

(c) The service is adequately documented. (See OAR 410-120-1360 Requirements for Financial, Clinical and Other Records.) Providers must maintain documentation in the provider's files to adequately determine the type, medical appropriateness, or quantity of services provided;

(d) The services or items provided are consistent with the information submitted when authorization was requested;

(e) The services billed are consistent with those services provided; and

(f) The services are provided within the timeframe specified on the authorization of payment document.

(6) It is the providers' responsibility to comply with the Division's PA requirements or other policies necessary for reimbursement before providing services to any OHP client who is not enrolled in a PHP. Services or items denied due to provider error (e.g., required documentation not submitted, prior authorization not obtained, etc.), cannot be billed to the client. (See OAR 410-120-1280.)

(7) Vision services requiring PA include:

(a) Contact lenses for adults (age 21 and older) and excludes a primary keratoconus diagnosis, which is exempt from the PA requirement. See OAR 410-140-0160 Contact Lens Services for service and supply coverage and limitations;

(b) Vision therapy greater than six sessions. Six sessions are allowed per calendar year without PA. See also 410-140-0280 Vision Therapy Services; and

(c) Specific vision materials (See OAR 410-140-0260 Purchase of Ophthalmic Materials for more information.):

(A) Frames not included in the Division's contract with contractor, SWEEP Optical;

(B) Deluxe frames; and

(C) Specialty lenses or lenses considered as "not otherwise classified" by Health Care Common Procedure Coding System (HCPCS);

(d) An unlisted ophthalmological service or procedure, or "By Report" (BR) procedures.

(8) The Division sends Notice of all approved PA requests for vision materials to DMAP's contractor, SWEEP Optical; who forwards a copy of the PA approval and confirmation number to the requesting provider. (See OAR 410-140-0260 Purchase of Ophthalmic Materials.)

Eligibility and Benefit Coverage

(1) It is the provider's responsibility to verify that a person is an Oregon Health Plan (OHP) client with appropriate benefits prior to providing services in order to ensure reimbursement of services rendered. The provider assumes full financial risk in serving a person not confirmed by the Division as eligible on the date of service. Refer to OAR 410-120-1140 Verification of Eligibility. It is the responsibility of the provider to verify a client's eligibility and:

- (a) That the individual receiving vision services is eligible on the date of service for the service provided;
 - (b) Whether an OHP client receives services on a fee-for-service (open card) basis or is enrolled with a Prepaid Health Plan (PHP) or Coordinated Care Organization (CCO). (See OAR 410-140-0020 Service Delivery.);
 - (c) That the service is covered under the client's OHP Benefit Package; and
 - (d) Whether the service is covered by a third party resource (TPR), (See OAR 410-120-1280 Billing.)
- (2) Division OHP vision benefit packages include:
- (a) Non-pregnant adults (age 21 and older):
 - (A) Visual services and materials to diagnose and correct disorders of refraction and accommodation are not covered, except when the client has a covered medical diagnosis or following cataract surgery or a corneal lens transplant as described in OAR 410-140-0140;
 - (B) Orthoptic and/or pleoptic training (vision therapy) is not covered; and
 - (C) Other visual services are covered with limitations as described in this rule.
 - (b) Pregnant adult women (age 21 and older):
 - (A) Orthoptic and/or pleoptic training (vision therapy) is not covered; and
 - (B) Other visual services are covered with limitations as described in these rules;
 - (c) Children (birth through age 20): Visual services are covered as described in this rule and without limitation when documentation in the clinical record justifies the medical need;
- (3) It is the provider's responsibility to maintain accurate and complete client records, and includes documenting the quantity of services provided, as outlined in OAR 410-120-1360 Requirements for Financial, Clinical and Other Records:
- (4) The provider has a responsibility to inform an OHP client when a:
- (a) Vision service or materials are not covered under the clients benefit package;
 - (b) Service limitation has been met and the benefit is no longer covered; and
 - (c) Service limitation has been met and is no longer covered for an established client, even if the provider receives incomplete information through verification systems included in OAR 410-120-1140. Incorrect information does not absolve the provider's responsibility, as client records maintained by the Provider in section (3) should be complete and correct.

ICD-9-CM Diagnosis, CPT/HCPCS Procedure Codes, and Modifiers

(1) The Division of Medical Assistance Program (Division) requires an International Classification of Diseases, 9th revision, Clinical Modification (ICD-9-CM) diagnosis code on all claims. Refer to OAR 410-120-1280 Billing for diagnosis code requirements.

(2) Providers are responsible to provide the client's diagnosis to ancillary service providers (e.g. SWEEP Optical Laboratories) when prescribing services, equipment, and supplies.

(3) The Division requires providers to use the standardized code sets required by the Health Insurance Portability and Accountability Act (HIPAA) and adopted by the Centers for Medicare and Medicaid Services (CMS). Providers are required to accurately code claims using the combination of Health Care Common Procedure Coding System (HCPCS) and Current Procedural Terminology (CPT) codes in effect for the date the service(s) was provided:

(a) Providers shall comply with published guidelines. Providers may not bill CPT or HCPCS procedure codes for separate procedures when a single CPT or HCPCS code includes all services provided.

(b) Intermediate and comprehensive ophthalmological services as described under the ophthalmology section of the CPT codebook shall be billed using codes included under this section and not those included under the Evaluation and Management section.

(c) When there is no appropriate descriptive procedure code to bill the Division, the provider shall use the code for "unlisted services." See OAR 410-140-0040 Prior Authorization.

(4) The Division recognizes HIPAA compliant modifiers.

Contractor Services/Provider Ordering

(1) The Division of Medical Assistance Programs (Division) contracts with SWEEP Optical Laboratories (also referred to herein as contractor) to provide vision materials and supplies. Providers needing materials and supplies must order those directly from the contractor, except when the Oregon Health Plan client has primary Medicare coverage. See OAR 410-140-0080.

(2) Providers are responsible for:

(a) Verifying client eligibility prior to submitting an order to the contractor. Refer to OAR 410-120-1140 Verification of Eligibility;

(b) Obtaining prior authorization (PA) from the Division for items requiring PA prior to placing a vision materials order. (See OAR 410-140-0040 Prior Authorization.);

(c) Complying with the contractor's order submission requirements, as outlined in the Visual Services Supplemental Information Guide found on this Division website:
<http://www.dhs.state.or.us/policy/healthplan/guides/vision/main.html>;

(d) Submitting prescription/order to the contractor upon notification of PA approval from the contractor; and

(e) Paying SWEEP Optical for any services provided by SWEEP Optical to a client who is not eligible for items. SWEEP Optical is prohibited by contract to sell materials and supplies for non-eligible clients at the State Contracted Price.

(3) The contractor's responsibilities:

(a) Forward Division prior authorization approval to the provider;

(b) Order specifications:

(A) The contractor shall provide the order as specified by the ordering provider;

(B) The contractor shall be responsible for all shipping and handling charges for shipments to the provider via United States mail or United Parcel Service for all returned orders that are not to the specifications of the order or that are damaged in shipping;

(C) The contractor may not accept initial orders via telephone. The contractor shall accept telephone calls or faxed messages regarding orders that are not made to specifications;

(D) When the contractor is notified of an item to be returned due to the item not being made to specifications in the original order, the contractor shall begin remaking the product as soon as they are notified, whether or not they have received the item being returned. (The ordering provider shall return the original product to the contractor with a written explanation of the problem and indicate the date they notified the contractor to remake the order.);

(c) Original order delivery:

(A) Delivery Date: The contractor shall deliver the original order of materials and supplies to the ordering provider within seven business days of the date the order is received;

(B) Delay: In the event of a delay in manufacturing or delivery, the contractor shall:

(i) Notify the ordering provider within two business days of receipt of the order;

(ii) Include a description of the order, the reason for delay and the revised time of completion and delivery; and

(C) Special Orders: Delivery of special order frames and lenses may exceed the required delivery time. In this event, the contractor shall provide the ordering provider with notice of the anticipated delay, give the ordering provider a projected delivery date, and document the actual delivery time for future reference.

(4) Provider Error: Neither the contractor nor the Division shall be responsible for costs, expenses or for any required rework due to errors by any provider.

(5) The contractor may use the date of order as the date of service (DOS) but may not bill the Division until the order has been completed and shipped.

(6) The contractor shall bill the Division using Health Care Common Procedure Coding System (HCPC) Codes listed in the contract agreement. Payment will be at contracted rates.

(7) The contractor shall include eyeglass cases with every frame. Cases may not be included in orders for only lenses, temples or frame fronts.

(8) Frame Displays: Frames for display purposes may be purchased from the contractor for the same price as frames for glasses negotiated by the Oregon Department of Administrative Services:

(a) A case may not be provided with display frames; and

(b) Quantity, style, size and color of frames should be specified in the order for display frames.

(9) Contractors will have unisex frame styles available and will allow clients to choose any frame regardless of category listed (i.e., women may choose "Girls" frames).

(10) Regardless of verification received via phone or electronic sources, the contractor may not fill orders for clients who do not have coverage or have met their vision benefit. See OAR 410-140-0140 Vision Services Coverage and Limitations. When glasses are ordered and the client has met their vision benefit for the time period:

(a) The Division will reimburse the provider for the exam only if the client is not an established client of the provider and the client is currently a fee-for-service (ffs) client with vision benefits. See OAR 410-140-0050 Eligibility and Benefit Coverage;

(b) The provider needs to contact the client's Prepaid Health Plan (PHP) or Coordinated Care Organization (CCO) if the client is enrolled with a PHP or CCO that contracts with SWEEP Optical. The contractor applies vision limitations included in rule, regardless of changes to a client's enrollment status. It is the provider's responsibility to contact the client's PHP or CCO and give them the last date of service. The current PHP or CCO will then determine if they want to allow for an additional supply of glasses. If the client is an established client, regardless of incomplete information through phone or electronic verification systems or SWEEP Optical, it is the provider's responsibility to inform the PHP/CCO of the last date of service.
