Re: Targeted Case Management Billing Codes

Effective: May 1, 2004

OMAP updated the Targeted Case Management (TCM) billing codes to comply with the Health Insurance Portability and Accountability Act (HIPAA) on October 1, 2003. If you receive this notice, you are still billing with the old codes, which will no longer be valid after May 1, 2004.

The following is the code matrix from old codes to the new HIPAA compliant codes. In order to be paid, you **must** bill with the new codes **and** use the correct Type of Service (TOS) code, Modifier code and Diagnosis codes.

Old Code	New Code	New TOS	New Modifier	New Diagnosis
<b>CM 100</b>	T2023	M	U5	99559
CM 101	T2023	M	HU	99559
CM 125	T2023	M		V08 or 042
CM 150	T1016	M		V201
CM 180	T2023	M	HA	V629
CM 190	T2023	M	HB	V629
CM 200	T2023	S	HF	V6141
TCM 01	T2023	M	HD	V6141
