## Important Information

### September Enrollment in a Medical Plan

---

On September 1, 2004, OMAP will enroll affected members of your household in a Medical Plan. OMAP has contracted with this Medical Plan to manage and provide your medical care.

#### **This Means**

Your health care benefits will not change; however, you will receive them through your Medical Plan.

Your Medical Plan will send you information about itself and a list of Primary Care Providers (PCP).

#### **Your PCP will:**

- Provide or coordinate your medical services and treatments;
- Keep your medical records in one place to give you better service;
- Provide access for you to medical care 24 hours a day, 7 days a week;
- Be your first contact when you need medical care;
- Arrange for your specialty or hospital care when needed.

#### **Benefits of managed care:**

- You and your family will have guaranteed access to health care.
- You will have access to health care 24 hours a day, 7 days a week.

#### **Medical Care ID**

Field 8 of your September OMAP Medical Care ID will list you and your household's new Medical Plan.

#### **30 Day Enrollment Change**

Depending on the area of the state you live in, you may be able to change Medical Plans in the first 30 days of enrollment in your new plan. Call your worker about your options.

#### **Delayed Enrollment**

Your enrollment may be delayed if you are scheduled for surgery or are in the last 3 months of a pregnancy. Call your worker to do this.

#### **Native Americans are not required to be in managed care**

If you are a Native American, you can choose to be enrolled in a Medical Plan or receive medical services from any provider who will take your OMAP Medical Care ID. *Contact your worker if you do not want to be enrolled in a Medical Plan.*
