**Message:**

DMAP has posted the updated March 2009 DMAP and AMH fee schedules on the [OHP Fee Schedule Web site](#) and sent the following eSubscribe to let providers know about the updated files:

The March 2009 DMAP fee schedules are now available on the [fee schedule downloads page](#). Additions have been made and several errors have been corrected since the February 2009 posting, including the following:

- For procedure codes with modifiers 26 (Professional Component) and TC (Technical Component), the full fee now equals the total of the professional and technical components.
- Primary surgical procedures now reflect the surgeon fee, not the 20% assistant fee.
- For immunization codes with 26 and SL modifiers, missing rates are now provided.
- The fee schedules contain added rates for some new 2009 codes.
- Duplicate codes have been deleted.
- Some outdated rates have been removed.
- Codes and rates have been added to the separate AMH fee schedule.

The February 2009 schedule has been removed from the Web site; please refer to the March 2009 schedule, which is more accurate and complete.
