Message:

In August, the [Patient-Centered Primary Care Home Program](#) held a Webinar for providers and managed care organizations focused on understanding the requirements for recognized primary care homes that are participating in the Medicaid PCPCH payment program.

The Webinar slides and video are posted on the Payment Incentives page located at www.PrimaryCareHome.oregon.gov.

The presentation includes a brief review of the Medicaid payments that are available for recognized primary care homes including common issues or delays and a question and answer period. Dawn Creach, MS, Communications, Technical Assistance and Recognition lead for the program, Debra Satterfield, DMAP Provider Enrollment manager and other staff led the Webinar.

Patient-Centered Primary Care Homes are health care practices recognized for their commitment to quality, coordinated care for *all* Oregonians with all types of health coverage. Over 200 health care practices across the states have been recognized as primary care homes. More information about primary care homes, including a list of recognized practices is available at www.PrimaryCareHome.oregon.gov.
