Message: The Department of Human Services has purchased a membership allowing state employees to use the members-only portions of the Workgroup for Electronic Data Interchange (WEDI) Web site for free. WEDI is a national site for health care entities using HIPAA-approved electronic data interchange (EDI). Access formerly was free; now most information requires membership.

State employees may create a personal profile at <http://www.wedi.org/forms/applications/NewUserPublic/> using your state e-mail address. If you previously subscribed to their listservs, you'll need to re-subscribe as an Oregon Department of Human Services member.
