The ASC X12 TR3s that detail the full requirements for these transactions are available at <http://store.x12.org/store/>

Every effort has been made to prevent errors in this document. However, if there is a discrepancy between this document and the TR3, the TR3 is the final authority

This Technical Specification supplements Health Care Eligibility Benefit Inquiry (271) ASC X12N/005010X279 and associated A1 addenda.

In the examples given in this Technical Specification, a lowercase "b" denotes a blank space and values contained in examples are for reference purposes only.

If your search criteria did not produce a successful 271 Response Transaction from OR-MMIS, please carefully check the data elements you used in the 270 Inquiry Transaction.

Regardless of the Insured's name sent in the 270 transaction, OR-MMIS will return the name required for billing if a match is found.

This Technical Specification has been reviewed and approved by ASC X12 and held by associated ASC X12 copyrights and related intellectual property rights. Explicit permission to cite this material was granted by ASC X12.
