Subject: Permanent Administrative Rules

As a member of the public who has expressed interest in the Board of Denture Technology the Health Licensing Office would like to notify you that the proposed rules were adopted on June 26, 2015 and become effective July 8, 2015. The rule text is attached.

The amendment completes the standardization of current delinquent (late) fees for all Health Licensing Office (HLO) programs. HLO has submitted multiple requests in recent biennia to convert boards from a sliding scale fee for delinquent license renewals (\$25 for the first month in delinquency, and \$10 per month thereafter up to three years) to a fixed rate of \$40 per year for up to three years. The reductions completes this process, bringing the Board of Denture Technology into alignment with the rest of the programs administered by HLO.

RULE SUMMARY

The amendment completes the standardization of current delinquent (late) fees for all Health Licensing Office (HLO) programs. HLO has submitted multiple requests in recent biennia to convert boards from a sliding scale fee for delinquent license renewals (\$25 for the first month in delinquency, and \$10 per month thereafter up to three years) to a fixed rate per year up to three years. The reductions completes this process, bringing the Board of Denture Technology into alignment with the rest of the programs administered by HLO.

Delinquency fees reflect only a small fraction of revenues charged to applicants and licensees, and are optional by nature since they can be avoided by the licensee if they renew licenses in a timely manner, but there are a number of reasons why this shift in fee structure remains important. Specifically, shifting from the sliding scale to a fixed rate notably reduces the complexity of administering the fee, and the proposed fixed rate avoids unusually large fees charged to licensees who are unable to renew their license for an extended period of time (e.g., if a licensee did not renew for three years, the resulting total late fee based on the current sliding scale would be \$375, or \$120 based on the proposed fixed rate) which is a \$255 reduction in delinquency fees.
