

Metrics Updates for QHOC

August 2015

2016 Metrics Selection

The Metrics & Scoring Committee met in July and finalized the 2016 incentive measure selection. The Committee elected to:

- Retire EHR adoption
- Add childhood immunization status
- Add tobacco prevalence (bundle).

No additional modifications to the measures were made by the Committee. See page 2 for the full 2016 incentive measure set.

2016 Benchmarks

The Metrics & Scoring Committee will select benchmarks for the 2016 incentive measures, as well as the challenge pool measures, at their September 18th meeting.

2016 Specifications

OHA will work with the metrics technical advisory workgroup to finalize the 2016 specifications and intends to post them online in late October / early November.

2015 Chart Review Guidance

2015 chart review guidance for the colorectal cancer screening, prenatal, and postpartum care measures has been finalized and is available online at:

www.oregon.gov/oha/analytics/CCODData/2015%20Chart%20Review%20Guidance%20Document.pdf

OHA will provide CCOs with a preliminary sample for chart review in late November and a final sample in late January. 2015 chart review submissions are due to OHA no later than April 15, 2016.

2015 Measures and Improvement Targets

OHA provided CCOs with their 2014 baseline and 2015 improvement targets for DHS Custody with the July dashboard release; OHA intends to provide a refreshed dashboard in August with the 2014 baseline and 2015 improvement targets for dental sealants and effective contraceptive use, as well as the regular August dashboard at the end of the month.
