## About this directory

Contained in these pages is a compilation of information to better equip Oregon's communities in making appropriate referrals to agencies that provide substance use disorders treatment services<sup>1</sup>.

To continue to provide updated, quality, referral resources, and since all listings gradually become outdated, we would appreciate you notifying us immediately of any changes relevant to the information contained herein.

Please complete the form on the following page when notifying this office of a change of information.

It is our hope that this Oregon Substance Use Disorders Services Directory will promote a continuum of quality resources available throughout Oregon.

These programs prescribe FDA-approved medications, such as methadone or buprenorphine, and combine them with substance use counseling to support recovery.
