Public Meeting Notice: OHA hosts Coordinated Care Organizations (CCOs) planning webinar March 9

Draft cost template discussion and instructions

The Oregon Health Authority (OHA) will host a two-hour webinar regarding the draft cost template instructions for Coordinated Care Organizations. The cost template has been developed for potential CCOs to provide projections of their costs as part of the Request for Applications (RFA) financial application. OHA will use these projections to develop rates that comply with guidelines from the Centers for Medicare and Medicaid Services. The webinar is designed for any stakeholder interested in becoming a CCO or in the steps involved with that process.

The webinar will be presented by David Rohrer, administrator, and Dennis Tang, lead actuary, both of Actuarial Services. Participants will have an opportunity to ask questions.
