

CCCECAC TasksWorkplan

Content	Process	Registry	Other
Develop standards for modules on specific populations	Length of approval? Are they reviewed once, then good forever? Accreditation? Re-assessment periods?	Maintenance of list - logistics	Are we going to ask Boards what they currently have in place? Do we want to have this knowledge now? Issue of boards already requiring burdensome(?) CE requirements
Clarify training priorities/objectives - Set the Criteria for training	Denial of approval Self-regulating process	Centralized website with Registry – Open to public/ only available to licensees	Communications
Evaluation of training – content, delivery What does this look like?	Checklist for training standards (rubric?)		Define the stakeholders, ask for their input
Evaluation of outcomes of training? Standards for trainers Standards for pre/post evaluation of trainees	Can organizations conduct a training that hasn't been approved?		
Develop prioritization process for selecting the criteria for curricula	Review/in person observation? Training Audits?		
Separate applications for different approving bodies? Reciprocity	Do curriculum changes have to be approved?		
Initial review/development of criteria	Simple instructions for Boards/Commissions to follow – communication mechanism		
	Complaint of training – revocation/removal from list		
	Application – how do people submit		
	Screening tool		
	Letter		
	Pilot process for reviewing applications
