- National origin;
- Limited English proficiency;

The Oregon Health Authority (OHA) Office of Equity and Inclusion (OEI) will carefully review the information on this form.

You will get a letter from us no more than seven days after we receive the form.

It will tell you that we got your report of discrimination and if OEI has the authority to act on it. If OEI cannot act on your report, we will tell you which office can act on it.

We may need your permission to use your name during an investigation. Please read, sign and turn in the OHA Authorization for Use and Disclosure of Information with your Report of Discrimination. (This authorization is found later in this document.)

It is OHA's policy not to intimidate, threaten, coerce, discriminate or retaliate against you for making a report of discrimination.

PLEASE NOTE:

Making a Report of Discrimination differs from asking for an appeal or a hearing if you receive a Notice of Action denying your health services. This Report of Discrimination is not connected to the Notice of Action or Notice of Appeal Resolution.

If you get a Notice of Action denying your request for health services, you can ask your CCO/health plan for an appeal, or you can ask OHA for a hearing, or both. You must send in your Hearings Request Form within **45 days** of the "date of notice."

For more information on appeals or hearings, see the Oregon Health Plan Client Tip Sheet 4 – Appeals and Hearings at <https://apps.state.or.us/Forms/Served/he9040d.pdf>. You can also contact the Oregon Health Plan Client Services Unit at 1-800-273-0557 or 711 (TTY).

Required information for the client

To provide or pay for health services: If the Department of Human Services (DHS) or Oregon Health Authority (OHA) is acting as a **provider** of your health care services or paying for those services under the Oregon Health Plan or Medicaid Program, you may choose not to sign this form. That choice **will not** adversely affect your ability to receive health services, *unless* the health care services are solely for the purpose of providing health information to someone else and the authorization is necessary to make that disclosure. (*Examples of this would be assessments, tests or evaluations.*) Your choice not to sign **may affect** payment for your services if this authorization is necessary for reimbursement by private insurers or other non-governmental agencies.

This authorization for use and disclosure of information **may also be necessary** under the following situations:

- To determine if you are eligible to enroll in some medical programs that pay for your health care
- To determine if you qualify for another DHS or OHA program or service not acting as a health care provider

This is a voluntary form. DHS or OHA cannot condition the provision of treatment, payment or enrollment in publicly funded health care programs on signing this authorization, except as described above. However, you should be given accurate information on how refusal to authorize the release of information may adversely affect eligibility determination or coordination of services. If you decide not to sign, you may be referred to a single service that may be able to help you and your family without an exchange of information.

Using this form

1. **Terms used: Mutual exchange:** A “yes” allows information to go back and forth between the record holder and the people or programs listed on the authorization. **Team:** A number of individuals or agencies working together regularly. The members of the team must be identified on this form.
2. **Assistance:** Whenever possible, a DHS or OHA staff person should fill out this form with you. **Be sure you understand the form before signing.** Feel free to ask questions about the form and what it allows. You may substitute a signature with making a mark or by asking an **authorized** person to sign on your behalf.
3. **Guardianship/custody:** If the person signing this form is a personal representative, such as a guardian, a copy of the legal documents that verify the representative’s authority to sign the authorization must be attached to this form. Similarly, if an agency has custody and their representative signs, their custody authority must be attached to this form.
4. **Cancel:** If you later want to cancel this authorization, contact your DHS or OHA staff person. You can remove a team member from the form. You will be asked to put the cancellation request in writing. Exception: Federal regulations do not require that the cancellation be in writing for the Drug and Alcohol Programs. No more information can be disclosed or requested after authorization is cancelled. DHS or OHA can continue to use information obtained prior to cancellation.
5. **Minors:** If you are a minor, you may authorize the disclosure of mental health or substance abuse information if you are age 14 or older; for the disclosure of any information about sexually transmitted diseases or birth control regardless of your age; for the disclosure of general medical information if you are age 15 or older.
6. **Special attention:** For information about **HIV/AIDS, mental health, genetic testing or alcohol/drug abuse treatment**, the authorization must clearly identify the specific information that may be disclosed and the purpose.

Redisclosure: Federal regulations (42 CFR part 2) prohibit making any further disclosure of alcohol and drug information; state law prohibits further disclosure of HIV/AIDS information (ORS 433.045, OAR 333-12-0270); and state law prohibits further disclosure of mental health, substance abuse treatment, vocational rehabilitation and developmental disability treatment information from publicly funded programs (ORS 179.505, ORS 344.600) without specific written authorization.

Note: Oregon’s health services and programs have been transferred from the Department of Human Services (DHS) to the Oregon Health Authority (OHA). DHS will continue to determine eligibility for many of the health programs, as well other programs administered by DHS.
