

Dear PEBB Exercise Rewards Member,

Good News!

Beginning January 1, 2016 PEBB will process your fitness facility subsidy payments in-house. The ExerciseRewards® Program currently administered by American Specialty Health Incorporated (ASH), will be rebranded and PEBB will begin offering the same incentives under the new PEBB "StayFit Rewards Program."

Some processes may be a little different, but the program and the eligibility requirements will not change. PEBB medical plan subscribers and their covered spouse/domestic partner who continue to exercise at least eight times per month at a qualified fitness facility will still receive a \$15 per month subsidy.

As a currently enrolled ExerciseRewards® member you should continue to track your fitness facility visits and receive your subsidy payments from ASH through December 31, 2015. Beginning January 1, 2016, if you want to continue to receive your fitness facility subsidy you will need to enroll in the new StayFit Rewards Program.

Here are some commonly asked questions and answers to help you through this transition:

Question 1: What is changing from the current Exercise Rewards Program?

Answer:

There are two important changes to be made aware of:

1. PEBB will not receive auto-feeds of workout data from various gyms. This is currently being worked on and we hope to add this feature sometime in the future. See question number 6 on how to track and report your visits.
2. PEBB will process all "Rewards" payments via Direct Deposit. Payments for the StayFit Rewards will be processed electronically rather than by check, this means you will receive your rewards much sooner than you are used to.

Question 2: If I am an Exercise Rewards member where do I send my fitness facility visits for 2015?

Answer: As a currently enrolled ExerciseRewards® member you should continue to track your fitness facility visits and receive your subsidy payments from ASH through December 31, 2015. You have until March 31, 2016 to submit your 2015 fitness facility visits to ASH for processing under the ExerciseRewards® program. Please Note: After December 31, 2015 PEBB members will no longer have access to the www.exerciserewards.com website or the ExerciseRewards CheckIn App.

Question 3: How does the new StayFit program work?

Answer: Eligible members who work out at a qualified fitness facility at least 8 times during the month (only one visit per day is allowed) and then submit verification of visits to PEBB will receive \$15 each month that they meet the minimum requirements.

Question 4: How does my Gym/Fitness or Exercise Center qualify?

Answer: Your fitness facility, gym or exercise center must:

- Offer equipment and/or classes that provide you with cardiovascular exercise, flexibility training and/or resistance training
- Charge a fee to access the equipment and/or participate in classes
- Be supervised by staff (facility staff do not have to be present onsite at all hours of facility operation)
