FINAL ACTION

- **OAR 845-015-0142 – Remote Distiller Shipments to a Retail Sales Agents**
  - Distillery licensees are required to send their products to the Milwaukie warehouse for subsequent distribution to Retail Sales Agents. This is a particularly significant burden for small remotely-located distillery licensees. This new rule enables remote distillery licensees to directly ship products to local agents on a limited basis. These shipments would be restricted to distillery licensees that send less than 25 cases to the Commission on a monthly basis.
  - **ACTION**
    - The Commission voted to approve the adoption of 845-015-0142 effective March 1, 2017.

- **OAR 845-013-0100 – Wholesale-Retail Relations; Sale at Both Wholesale and Retail**
  - The amendments relax the prohibition on an employee of a manufacturer or wholesaler also working at a separate retail establishment. Further, the rule change will allow an employee of a brewery or brewery public house
to sell alcoholic beverages at a retail licensee, as long as the retail licensee does not sell beverages from the brewery or brewery public house where the employee works.

- **ACTION**
  - The Commission voted to approve the amendments to 845-013-0100 effective March 1, 2017.
