Spring Break checks for alcohol sales to minors result in 70% compliance in Clackamas County

Portland, OR – Fifty two out of 74 businesses visited in Clackamas County passed a check for alcohol sales to minors by refusing to sell alcohol to a minor volunteer. The sales checks were performed March 21 and 22, 2014 by the Oregon Liquor Control Commission and Clackamas County Sheriff's Office.

The sales check resulted in a compliance rate of 70 percent which is below the 2013 statewide average of 84 percent.

"With Spring Break in full force, it's important that servers and store clerks are diligent in checking ID," says Shannon Hoffeditz, Portland Metro Regional Manager. "OLCC minor volunteers use their real ID that says they are under 21. Employees who make a habit of getting a good look at the ID can not only spot an OLCC volunteer, but can also spot an underage person using a fake ID."

The commission performs the minor sales checks in an effort to reduce drinking by minors, which is a serious problem throughout the state. The OLCC tests licensed liquor businesses throughout the year. Licensees or their employees could be held liable for alcohol-related damages and injuries if they serve or sell alcohol to a minor.

The OLCC offers a free training course on how to check ID's. Participants learn how to identify false identification and the laws regarding minors and alcohol. Additional training opportunities are available including classes for store clerks and service permit holders. Interested persons can call the local OLCC office to schedule a training session.

During the sales checks, a minor volunteer attempts to purchase alcohol from a licensed business to see if staff are checking ID's correctly and refusing to sell alcohol to anyone under 21. Commission inspectors or other law enforcement officers supervise the minor volunteers. The volunteers carry their own legal ID that identifies them as under 21 and do not disguise their age or lie to encourage the sale of alcohol. The Oregon Driver license for a minor carries a red border around the picture with the words "Minor Until" followed by the date of his/her 21st birthday.

Under Oregon law, businesses in cities with a population of 20,000 or more have an equal chance of being randomly selected for a minor decoy compliance check. A business can also be selected for a compliance check if there is a documented complaint of sales to minors. Businesses in cities with a population under 20,000 and unincorporated areas in counties are not subject to these selection requirements.
