

CASCADE PEAK SPIRITS DISTILLERY

Cascade Peak Spirits is not just another northwest distillery. Since 2008, in a small industrial area of Ashland, it has been the home of Organic Nation, and the first certified organic craft distillery in Oregon and the Pacific Northwest.

Co-owners, David Eliassen and Diane Paulson have been committed to practicing sustainability and are driven by their passion to protect the planet. Their passion has come to perfection through the creation of unique certified organic spirits.

For three years in a row, they have been honored to win Gold Medals at The Good Food Awards for their Organic Nation vodka and gin and their most recent spirit, OldField Rye Whiskey. All their spirits are non-gmo and Oregon Tilth Certified Organic (tilth.org) and always will be.
