

Cape Kiwanda visitor safety town hall

March 17, 2016, 11:15 a.m.

Cape Kiwanda Community Center

The purpose of this town hall is to have a community discussion about ongoing problems with visitor safety at the south end of Cape Kiwanda.

- What's causing the problem? What do you think should be done?
- Microphones are set up in two locations. Please use them to speak so we have a good recording of your thoughts.
- Please limit your first comments to three minutes; we want to have time for everyone to speak, and leave time for a discussion.
- When someone else is speaking, please listen quietly. If you need to have a side conversation, take it outside.
- If you want to address what someone else has said, please respond courteously.

Agenda

1. **Welcome** – Senator Arnie Roblan
2. **Park background/history** – Oregon Parks and Recreation Department Director Lisa Sumption
3. **Open comments** – Three minutes per person, plus discussion.
4. **Wrap-up** – Senator Arnie Roblan
