

# 2014 Oregon Fire Clock

Oregon's structural fire agencies responded to 12,416 fires in 2014. This represents a 6.8% increase from 2013. Even though this is an increase, Oregon fires have still declined by an average of approximately 3% annually over the last ten years. This trend indicates that the fire prevention education focus and efforts of the Office of State Fire Marshal (OSFM) and Oregon's fire agencies are making a positive impact across the state.
