Introductions were made.

Minutes from the October TTAC meeting in Medford were approved.

**QUARTERLY TEAMS TRAINING REPORTS**

A quarterly training report was provided by each team present.

**ODOT & OERS Outreach**

Mariana, Mark, Jamie and Reed have met with ODOT and continue to work with them on when the teams should be called.

**Joint 101<sup>st</sup> & 102<sup>nd</sup> CST Field Training Exercise**

James Davidson from 102<sup>nd</sup> CST gave a PowerPoint presentation on what the CST does and all the tools they have to work with. He went over all the plans for the field training exercise. Training is also available through the CST and can be done anytime and in different areas just contact James Davidson to set up classes.

**NFPA 472 Committee**

Reed Godfrey gave an update of the activities of the committee. The committee is still waiting for the Fire Service Policy Commission to adopt NFPA 472. Since right now the requirement is only a 40 hour class we will still require tech weeks 3&4.

Reed also went over what changes have been made to SOG T014.

Once a team member has had tech weeks 1&2 and tech weeks 3&4 they will be able to respond with the team.

Tech weeks 1&2 can be on a team and have training reimbursed by the state. Only Tech weeks 1&2 will be recorded by DPSST. Tech weeks 3&4 will need to be completed within 12 months unless approved other wise by Program Manager.

### **HazMat Safety Officer and IC**

Mariana Ruiz-Temple talked about how NFPA 472 has requirements now for safety officer and IC to get certified and currently there are no requirements for them to be certified.

### **Task Book**

Jamie Komtez let everyone know that the task book will be extended to January 10 so it will be on the same schedule as KPM task book circuit training.

### **Conference Update**

April 27-29, 2010

The meeting was adjourned at 3:20 PM.

It was decided that TTAC & TAG should be held on Tuesday so that anyone that would like to watch the Joint 101<sup>st</sup> & 102<sup>nd</sup> CST Field Training Exercise on Wednesday can.

The next TTAC meeting will be on May 12, 2009 at 9:00AM in LaGrande.
