SB762@osp.oregon.gov.

Senate Bill 762 Overview

- During the 2021 Legislative Session, the Legislative Assembly passed Senate Bill 762, which relates to wildfire, in June of 2021.
- The law codified wildfire prevention, risk reduction, and emergency response programs for the Office of State Fire Marshal (OSFM).

Senate Bill 762 Section 30

- The office of the State Fire Marshal shall increase the office's wildfire readiness and response capacity to the extent the office receives funding for the increase, by means including:
 - Increasing fire prevention and response personnel and fire administrative support personnel to address planning, communications, training, deployment and safety.
 - Implementing innovative technologies and modernizing systems to expedite fire resource deployment in an efficient and safe manner.

Senate Bill 762 Section 30

- The State Fire Marshal may:
 - Designate funding intended for the Oregon fire mutual aid system to support prepositioning of resources and costs.
 - Enter into contracts with federal or state agencies, other states, political subdivisions, corporations and authorities having fire suppression jurisdiction for fire prevention, suppression, coordination and response.

Summary of OSFM Work

- The status regarding community risk reduction and the establishment, administration, and enforcement of defensible space requirements.
- The amount of moneys expended during the year for community risk reduction and the establishment, administration, or enforcement of defensible space requirements
- The amount of moneys expended during the year for the suppression of fires on wildland-urban interface land
- Any recommendations of the State Fire Marshal for legislative action, including, but not limited to, current or future resource and funding needs for community risk reduction and establishing, administering, or enforcing defensible space requirements.

RESPONSE
PROGRAMS**

Questions

1. What response and capacity needs exist at the individual, community, or county level?
2. What challenges would you anticipate or have experienced with planning, organizing, or implementing effective wildfire responses?
3. What barriers and challenges would you anticipate with grant funding ?
4. Is there anything related to response and local capacity you would like to highlight or add?

Question #1

What response and capacity needs exist at the individual, community, or county level?

Question #2

What challenges would you anticipate or have experienced with planning, organizing, or implementing effective wildfire responses?

Question #3

What barriers and challenges would you anticipate with grant funding ?

Question #4

Is there anything related to response and local capacity you would like to highlight or add?

Next Steps

- Comments will be documented and included for program considerations.
- Comments on this topic may be sent for consideration to SB762@osp.Oregon.gov until 4/1/2022.
- The facilitation team will provide a PDF presentation and link to the recording following this meeting.
- OSFM Executive Summary will be provided in early April capturing ideas and recommendations.
- All materials will be posted on OSFM's website.
