

Systems resources (balancing state/county hydraulics)

Questions: What are we buying? Who are we serving? How much are we spending?

Issues:

County's part of contribution to the system (financial investments) are decentralized and not standardized

Local and state roles and responsibilities as it relates to services need clarification

Where to serve mental health and low-functioning youth? Close custody? Detention?

Other Documents:

- GAP Analysis: Sections 18, 1.11, 1.13 (in packet)
- JCP profile on MH (in packet)
- OYA Offender Profile and Social Characteristics
- State dollars
- Community dollars
