## **GENERAL ADMINISTRATION**

### **Rules & Policy Discussion**

#### **Potential Multnomah County Tobacco Tax**

Executive Director Marc Watt indicated that Multnomah County is proposing a tax on tobacco products and asked if the Board would like to consider endorsing it through public comment. Board members indicated that they would like to monitor this issue and that they are not comfortable endorsing the proposal at this time.

#### **Pseudoephedrine and e-Prescribing**

Pharmacist Consultant Fiona Karbowicz indicated that the Board continues to receive inquiries about the electronic prescribing (e-prescribing) of pseudoephedrine (PSE). Essentially, the question asked is, can a PSE prescription be transmitted to a pharmacy like other non-controlled legend drugs, or must it follow the laws related to e-prescribing of controlled substances? Staff plans to address this via the FAQ's and/or a newsletter article.

Review Rulemaking Hearing Report – None

---

Consider Adoption of Temporary Rules – None

---

---

Send Rules to Rulemaking Hearing:

#### **Division 006 Definitions and 019 Definitions**

The Board reviewed proposed amendments in Division 006 and 019. The majority of the proposed amendments incorporate definitions from 2015 House Bill 2028. This bill allows a Pharmacist to engage in the practice of clinical pharmacy. Other amendments include identifying patient care services that require the professional judgment of a Pharmacist and establish state drug therapy management protocols. The Board sent proposed rules in Division 006 and 019 as revised to rulemaking.

## **MOTION**

**Motion to send proposed Provider Status/Clinical Pharmacy rules as revised in**

**Division 006 and Division 019 to rulemaking hearing was made and unanimously carried (Motion by Anderson, second by Fujisaki).**

---

**Division 019 Qualifications and Protocols, Policies and Procedures**

The Board reviewed proposed amendments in the Qualifications and Protocols, Policies and Procedures section of Division 019. Proposed amendments are a result of 2015 Senate Bill 520. This bill allows Pharmacists to immunize people at least seven years of age. Proposed rule amendments also allow a Pharmacist to prescribe, administer or dispense immunizations, including oral vaccines, as established by written protocols approved by the Oregon Health Authority. The Board sent proposed rules in Division 019 to rulemaking.

**MOTION**

**Motion to send proposed Immunization rules in Division 019 to rulemaking hearing was made and unanimously carried (Motion by Anderson, second by Fujisaki).**

---

**Division 025 Renewal of Licensure as a Certified Pharmacy Technician**

The Board reviewed proposed amendments in Division 025. These proposed rules will make permanent the temporary rule that states a Certified Oregon Pharmacy Technician when applying for the first renewal of their license, if that have not been licensed by the Board for at least one year prior to October 1<sup>st</sup> of the renewal period, are not required to complete the minimum of ten continuing pharmacy education hours as identified in Oregon Administrative Rule 855-025-0015(2)(b). The Board sent the temporary rules in Division 025 to a rulemaking hearing for consideration of permanent adoption.

**MOTION**

**Motion to send proposed Certified Technician CE rules as revised in Division 025 to rulemaking hearing was made and unanimously carried (Motion by Fujisaki, second by James).**

---

**Division 043 – Drug Delivery and Control**

The Board reviewed proposed amendments that incorporate a waiver clause into the Drug Delivery and Control rules in Division 043. Proposed permanent amendments are currently a temporary rule.

**MOTION**

**Motion to send proposed Drug Delivery & Control rules in Division 043 to rulemaking hearing was made and unanimously carried (Motion by Anderson, second by James).**

---

**Division 062 – Drug Distribution Agents**

The Board reviewed proposed permanent amendments in Division 062 Drug Distribution Agent rules. Proposed permanent amendments are currently a temporary rule. These rules update record keeping requirements they also identify the information that a Drug Distribution Agent who distributes product

to a Wholesaler or Pharmacy must contain in their records. Other amendments reflect that a pedigree must be maintained if a Drug Distribution Agent distributes product to another Drug Distribution Agent. The Board sent the temporary rules in Division 062 to rulemaking for consideration of permanent adoption.

## **MOTION**

**Motion to send proposed Drug Distribution Agent rules in Division 062 to rulemaking hearing was made and unanimously carried (Motion by Anderson, second by Wells).**

---

## **Division 090 – Aerosol Sprays**

The Board reviewed the Division 090 Aerosol Sprays rules. Staff suggested that the Board consider repealing rules in this Division as all fluorocarbon aerosol sprays which contain a medication are not manufactured in the US. These rules were created as an exception to the banned use of fluorocarbon aerosol sprays which deliver a medication. The Board sent the Aerosol Spray rules in Division 090 to rulemaking for repeal consideration.

## **MOTION**

**Motion to send proposed Aerosol Spray rules in OAR 855-090-0005 for repeal to rulemaking hearing was made and unanimously carried (Motion by Anderson, second by Reher).**

---

**Consider Adoption of Rules – None**

---

## **Policy Issues for Discussion**

### **Pharmacist Prescribing and Dispensing Hormonal Contraceptives**

Pharmacist Consultant Fiona Karbowicz presented preliminary draft rules for implementation of Pharmacist Prescribing Contraceptives related to 2015 House Bill 2879. She also presented a procedural algorithm, self screening risk assessment questionnaire and a summary chart of U.S. medical eligibility criteria for contraceptive use. The Board reviewed the information and provided staff with feedback. Staff will make revisions to the draft rules and will present them at the Board's November Strategic Planning Meeting. The Board will need to consider adopting them as temporary rules in November, so that rules will be in place January 1, 2016.

---

### **Instate Pharmacist-in-Charge**

The Board reviewed rules in OAR 855-041-1010(1). This rule states that each pharmacy must have one pharmacist-in-charge employed on a regular basis at that location who shall be responsible for the daily operation of the pharmacy. The pharmacist-in-charge shall be indicated on the application for a new or relocated pharmacy and for pharmacy renewal registration. Staff indicated that gaps in PICs come up regularly and that the current rule does not allow for a gap to occur. The Board indicated that they would like staff to draft amendments that would apply to periods in which there may be a gap in PIC as well as situations where there is no PIC. They also indicated that they would like requirements for instate PICs to be consistent with out-of-state PIC requirements. Staff will prepare draft amendments for review at the Board's February Meeting.

## Discussion Items

### **Waiver/Exception/Extensions/New Application Requests**

Compliance Director Gary Miner and Administrative Director Karen MacLean presented requests to the Board for their consideration.

The Board received several extension requests for compliance with Prescription Refill rules in OAR 855-041-1120(5)-(8). Extension requests were from Central City Concern, Fred Meyer, Walgreens and Target. Vetsource also submitted a letter to the Board which indicated that they do not believe that their use of auto-refill is comparable to other pharmacy practice settings. The Board discussed issues presented by various outlets and determined that they would like to consider extending the effective date of Prescription Refill rules in OAR 855-041-1120(5)-(8) to July 1, 2016. However, the Board indicated that they expect outlets to be in full compliance with the rules with the extended effective date. The Board did not take any action on waiver requests from Central City Concern, Fred Meyer, Walgreens, Target or Vetsource but rather motioned to send a rule to the November 2015 rulemaking hearing to extend the date to July 1, 2016 for everyone and directed staff to share this change as soon as possible.

**Motion to add OAR 855-041-1120(5)-(8) to rulemaking hearing to extend rule effective date to July 1, 2016 was made and carried (Motion by Chute, second by Wells). Chute, Wells, Reher, James and Fujisaki in favor of. Anderson opposed.**

## **APPEARANCES**

### **National Association of Boards of Pharmacy (NABP) Verified Pharmacy Program & Blueprint Update**

Josh Bolin, Member Relations and Government Affairs Director, NABP provided an overview of NABP's Verified Pharmacy Program (VPP). This program was developed to fill the gaps in the non-resident pharmacy system and provide states complete information needed to make licensing decisions. VPP is comprised of verifying the licensure of the pharmacy and Pharmacist-in-Charge and verifying that a qualified inspection has occurred by the resident state in accordance with the established uniform standards, or by NABP. Any disciplinary action from another state is reported and if required an inspection is performed. The state of Virginia requires VPP for non-resident sterile compounding pharmacies that cannot show compliance with USP Chapter 797. There are 48 other states that are utilizing VPP in a similar manner.

An update on NABP's inspection blueprint was also provided. The inspection blueprint is a minimum set of agreed upon items that Boards believe should be addressed at the time of inspection. NABP worked to facilitate a consensus around a minimum set of inspection items. A small group of volunteers reviewed VPP General Inspection Forms and identified the critical areas needed to render a licensing decision when reviewing another state's resident inspection report. The blueprint was developed and was vetted by a workgroup of state and Board representatives through NABP's normal task force and committee process. 42 states were represented at an initial Inspection Blueprint Workshop. A forum was established to facilitate discussion and provide feedback about the Blueprint. Feedback and comments are accepted on an ongoing basis. NABP will be asking states to complete

a crosswalk of their inspection reports to the blueprint. NABP will review crosswalk documents, continue to monitor and will establish new blueprints in 2016.

## **ISSUES/ACTIVITIES**

### **Reports:**

Board Member Christine Chute reported that she attended a Governor's Advisory Council Meeting on DUII October 2<sup>nd</sup>. She indicated that marijuana usage was primarily discussed. She reported that fatal car crashes in Oregon involving marijuana are up 35% and fatal car crashes in Washington involving marijuana are up 48%. Board Member Ken Wells reported that he had attended the Professional Practice Roundtable Meeting in September.

Executive Director Marc Watt reported that the agency received 19 applicants for the vacant inspector position and that it appears that they have some great candidates. He indicated that October 9<sup>th</sup> is the deadline for technicians who are interested in the new Technician Board Member positions to apply with the Governor's Office. Marc stated that there has been discussion about developing a protocol to allow pharmacists to dispense Naloxone, and that the Oregon Health Authority believes that this could help reduce opioid related deaths.

Compliance Director Gary Miner reported that 70% of instate pharmacy inspections are complete. In addition, there are currently 19 individuals enrolled in the Health Professional Service Program (HPSP). All individuals are Board referrals.

Pharmacist Consultant Fiona Karbowicz stated that she is excited that Naloxone and the protocol concept is spreading. She reported that the flu protocol requires checking the ALERT system prior to giving a flu vaccination. Initially the flu was exempted, mostly because of the sheer volume and the amount of offsite clinics. Compliance Director Gary Miner stated that he strongly encourages checking ALERT as a best practice.

Administrative Director Karen MacLean reported that staff is continuing to work on scanning documents as part of the paperless office initiative. Karen stated that she and Management Secretary Loretta Glenn attended a records and fingerprint training seminar. Karen indicated that the Department of Administrative Services (DAS) is wanting to adopt their rules at the same time as the Department of Human Services implementation of their fingerprint rules because of timing. Once DAS does adopt their rules, the Board's fingerprint rules will need to be repealed as they will be superseded pursuant to recently passed legislation. She believes that the rules will be effective in early 2016. Karen stated that she is continuing to work on preparing the business analysis for the agency's IT upgrade. She is continuing to work with the state Chief Information Officer on this project.

Office Manager Chrisy Hennigan reported that the FBI security audit had been conducted and that the required security audit training must be completed by all Board members and staff by December 31<sup>st</sup>.

### **Board Member/Staff Presentations:**

The Board discussed the Professional Practice Roundtable Meeting that was held on

September 10<sup>th</sup>. Staff indicated that the meeting was well attended. Pharmacist Consultant Fiona Karbowicz provided an update on 2015 House Bill 2879. She provided an update on rules writing and the program in general. Fiona indicated that she received good feedback and that comments received were helpful. Other items discussed included drug take backs. On October 9, 2014 the Drug Enforcement Agency (DEA) implemented regulations that allow authorized manufacturers, distributors, reverse distributors, narcotic treatment programs, hospitals/clinics with an on-site pharmacy, and retail pharmacies to collect pharmaceutical controlled substances from ultimate users by voluntarily administering mail-back programs and maintaining collection receptacles. Regulations also allow authorized hospitals, clinics and retail pharmacies to voluntarily maintain collection receptacles at long-term care facilities. Retail pharmacies expressed concerns related to costs and potential risks associated with offering this service. They indicated that they have been asked to shoulder the costs associated with drug take backs i.e. collection receptacles and destruction methods. However, they believe that drug take backs should be funded by drug manufacturers. At the National Association of Boards of Pharmacy District 6-8 Meeting the DEA stated that they had assumed all pharmacies would be offering drug take backs. However, very few are providing such services because of barriers associated with cost and other risks.

As of late 2015, there are 615 authorized collectors. Collectors can be located by zip code or city and state at: <https://www.deadiversion.usdoj.gov/pubdispsearch/spring/main?execution=e1s1>. The DEA continues to hold their National Take-Back Days twice a year. In addition, there are currently more than 50 Oregon communities that have established permanent, free collection boxes that are open year-round for safe and anonymous disposal of unused drugs. The form of drugs accepted varies by location. However, in general, all locations accept drugs in pill or capsule form. These collection boxes are intended for household disposal and not for businesses. A current list of collection box locations can be found at: <http://www.oracwa.org/documents/UnwanteddrugdropoffsitesOR.pdf>.

## Committees/Meetings

The National Association of Boards of Pharmacy (NABP) District 6-8 Meeting was held in Lake Tahoe, NV September 14<sup>th</sup>-15<sup>th</sup>. Board Vice President Kate James, Executive Director Marc Watt and Administrative Director Karen MacLean attended the meeting. Some of the common subjects discussed at the meeting included technician rules and duties as well as their certification / registration requirements, medical marijuana, drug disposal, nonresident pharmacies, compounding and Naloxone access. They indicated that there were a lot of great topics and that many were very valid to Oregon. Kate stated that Marc was a fantastic spokesperson on discussing how innovative our state is. Karen focused the majority of her time on the logistics of the meeting. The Board looks forward to hosting the next District 6-8 Meeting in Portland next September.

The Oregon State Pharmacist Association Fall Meeting will be held October 10<sup>th</sup>-11<sup>th</sup> in Portland. Executive Director Marc Watt, Board Member Heather Anderson and Pharmacist Consultant Fiona Karbowicz will be present. Staff will be presenting a law review and share information on hot topics. They will also be available to answer questions.
