RULE SUMMARY

HB 2412 (2015) directs the Commission to adopt standards that require educator preparation programs to provide instruction on dyslexia. The new statutory provisions require that the instruction be consistent with the knowledge and practice standards of an international organization on dyslexia. Programs must demonstrate compliance with the dyslexia instruction standards no later than December 31, 2016. The rule adopts standards based on international standards for dyslexia instruction and requires Oregon educator preparation programs to report on alignment of their elementary education, reading intervention and special education programs with the new dyslexia standards before December 31, 2016.
