ORDER ON REVIEW
Claimant Unrepresented
Hoffman Hart & Wagner, Defense Attorneys

Reviewing Panel: Members Biehl and Lowell.

Claimant, *pro se*, requests review of Administrative Law Judge (ALJ) Stephen Brown's order that upheld the self-insured employer's denial of his injury claim for a right arm condition. On review, the issue is compensability.

We adopt and affirm the ALJ's order.¹

ORDER

The ALJ's order dated September 26, 2002 is affirmed.

Entered at Salem, Oregon on May 16, 2003

¹ The employer moves to dismiss claimant's request for Board review for failure to file an appellant's brief. However, filing of briefs is not jurisdictional, so the failure to file an appellant's brief will not result in a party's request for review being dismissed. OAR 438-011-0020(1); *See Neil J.
