WCB Case No. 09-01260
CORRECTED SECOND ORDER ON RECONSIDERATION
Philip H Garrow,
Julie Masters, SAIF Legal

Reviewing Panel: Members Biehl and Langer.

It has come to our attention that our February 9, 2010 Second Order on Reconsideration contains a clerical error. Specifically, the opening sentence of our order indicates that our January 4 and January 15 orders awarded 13 percent whole person impairment and 22 percent work disability. However, our prior orders actually reinstated and affirmed the Appellate Review Unit's Order on Reconsideration that had awarded 13 percent whole person impairment and 28 percent work disability. By this order, we correct that oversight.

Accordingly, we withdraw our February 9 order. On reconsideration, as modified and supplemented herein, we republish our February 9 order. The parties' rights of appeal shall begin to run from the date of this order.

IT IS SO ORDERED.
